CASE NUMBER 04-117071

On 5-17-04 at 0900hrs, I responded to HCME for an autopsy performed on the homicide victim from 5-16-04 at 3300 Lyndale Ave N. with a tentative name of Harry Burton Sherer d.o.b. 4-24-49.

I was met at HCME by Sgt. Mattson and requested to take pictures and obtain prints from the victim.

I took photographs of the victim including close-up photographs of gunshot wounds with suspected (entrance) to his upper left chest area and (exit) to his upper right back area. There was also an injury to his leftside from being grazed by a suspected bullet.

I obtained a set of palmprints from the victim and compared and I.D.ed them to MPD FPC #11 607 bearing the name Harry Burton Sherer with a d.o.b. of 4-24-49.

F.S. Schuman verified the identification and I completed an Identification Report along with notifying the HCME's office of the I.D.
