These recordings were taken by an anonymous source inside of Patriot Front during August to December 2021. Unicorn Riot has produced transcript PDFs, MP3s and videos from this set of recordings. The transcripts and the Mp3s use the same set of timecodes. The main report on our website uses separate timecodes that match our videos, which are lightly edited to remove silence, with an additional introduction and credits.

The .mp3 files (as opposed to slightly shortened videos) represent the uncut documentation of these Patriot Front voice meetings. These uncut audio files have been altered as little as possible in the interests of source protection.

Accuracy of transcripts and speaker identities

Unicorn Riot has done our best to compile transcripts with the most accurate time stamps and speaker identifications possible. Due to the combination of machine transcription and extensive human labor, there may be occasional errors in speaker IDs indicated in transcripts. but we are confident that the vast majority of the speaker IDs and content are correct. Some transcript timestamps are incorrect due to unavoidable issues with using machine transcription at scale, however, the majority are accurate.

Please note that these recordings may include Patriot Front members whose voices were not identified by us. When we were unsure about a speaker's identity we have left that line in the transcript without an assigned name, which machine transcription services usually tag as 'Unknown'. Many Patriot Front members have been identified by researchers, activists and journalists by linking multiple pieces of evidence to online personas.

SPEAKERS

Ethan WA (Justin O'Leary), ND - John WA (Colton Brown), Marcus WA/ID, Andrew WY, Frederick OR (Lawrence Norman), Alexander OR (Richard Flannery), Johnny ID

00:17

Keeps saying connection refused.

Alexander OR (Richard Flannery) 00:20

Are you, uh, outside of your internet area, you on the, uh, on your data?

00:28

Just right outside my house.

00:39

Whoa.

Alexander OR (Richard Flannery) 00:40

What's up Johnny, you're breaking up.

Ethan WA (Justin O'Leary) 00:42

You sound like shit. He's asking if we can hear him.

Alexander OR (Richard Flannery) 00:48

Oh. Well I joined and John Washington was in here but I think he, he disconnected by, with some sort of connection issue.

Ethan WA (Justin O'Leary) 01:27

Could be driving.

Alexander OR (Richard Flannery) 01:28

Yeah, that's usually the case.

Ethan WA (Justin O'Leary) 01:32

I learned that last meeting

Alexander OR (Richard Flannery) 01:34

Yeah. How you doing Andrew?

Andrew WY 01:47

Oh, there we go. I'm doing pretty good.

Alexander OR (Richard Flannery) 01:54

Were you able to attend the hike this weekend, or?

Andrew WY 01:59

I was not. I was unaware that there was a hike this weekend up until the day it happened.

Alexander OR (Richard Flannery) 02:04

Okay. In, in DMs I sent you something about something that I want, I want you to go to.

Andrew WY 02:17

Okay, is it...?

Alexander OR (Richard Flannery) 02:19

It's on the RocketChat, you'll see it.

Andrew WY 02:20

Gotchya.

Ethan WA (Justin O'Leary) 02:28

Are you the guy they just picked up in Oregon?

Andrew WY 02:34

Yeah, I don't remember the guy that I replaced.

Ethan WA (Justin O'Leary) 02:39

You replaced someone, huh.

Andrew WY 02:41

That's what they made a mention of, I don't remember what the name of the guy was. More like he moved to a different area and I basically filled the open position, I guess or open neophyte spot. Not quite sure exactly what other than activism I'm supposed to be doing at the moment.

Ethan WA (Justin O'Leary) 02:59

Oh I see.

Alexander OR (Richard Flannery) 03:02

If you have any questions about activism, please, please message me or any of the fine people in the organization.

03:15

Ethan, since I have you here, did you see my message about me not being able to make it early in the morning? Tomorrow?

Ethan WA (Justin O'Leary) 03:22

Yeah. So I don't, I don't even know what time we're supposed to get there. Or like, what time you can make it, so.

03:35

Uh for me, it's going to be pretty late in the afternoon, because I have a meeting now that I can't skip, a work meeting in the afternoon. Pretty late afternoon. I was thinking that I could probably just drive myself down because I know there will be stuff to do on the campsite during the day.

Ethan WA (Justin O'Leary) 03:56

Yeah, how late are you talking?

03:58

Well, I'm probably not going to get to work until four or five and then that's going to be the time that takes me to get down there.

Ethan WA (Justin O'Leary) 04:06

Right, and then it's going to be rush hour going through Seattle and get me to go to wherever we're going so probably almost like nine o'clock. Yeah, I don't know. Maybe I'll hitch a ride with somebody

else, or take my car, is what, wasn't Anthony gonna go with us, so, and then there's a question of how many parking spots, I think it's like five. I'm not sure.

ND - John WA (Colton Brown) 04:49

Ah, good evening, fellas.

04:53

Good evening.

04:54

Howdy.

ND - John WA (Colton Brown) 05:04

All right everyone, spam the chat, throw up @alls, tell everyone to get in here, get in here, get in here.

Andrew WY 05:57

Am I hearing correctly that this AntiFash Gordon account is deleted off of Twitter?

Alexander OR (Richard Flannery) 06:03

Yes.

Ethan WA (Justin O'Leary) 06:04

Was that a self-delete, though?

Alexander OR (Richard Flannery) 06:07

Yeah it looks like it was a self-delete if I read everything right.

Ethan WA (Justin O'Leary) 06:15

Got too cocky I guess, fucked with the wrong ones. Yeah, Vincent, were you about to say something?

06:41

Oh no, you were, you were talking about parking spaces, I just remembered that you had offered to, to drive down before and if it's [inaudible] you can make it down earlier than I can make it. So I didn't know if that was still the case.

ND - John WA (Colton Brown) 06:55

Oh there is one minor issue, we, a little later than I planned, um check-in is at 2:30 p.m. so all drivers are going to have to sit tight, something, something I thought, all go to the Ravensdale Park and [inaudible]

Ethan WA (Justin O'Leary) 07:27

You're cutting out a little bit.

ND - John WA (Colton Brown) 07:30

Yeah it's cause I talk quietly. So you can't have a, check in is at 2:30 p.m. so we can't be at the park camping site until around then, though I was needing to think of something to do with all the people who are flying in and driving over and I know they're gonna be here early, though I was thinking maybe we could all drive and go to the Ravensdale Park, make some banners and whatnot, that's where we can meet up and we can all drive in one big happy caravan to the campsite. What do you guys think of that, can you crack open your Apple Maps, your whatever maps and look at Ravensdale, how that works?

Ethan WA (Justin O'Leary) 08:33

I ended up in England.

ND - John WA (Colton Brown) 08:35

It'll certainly work for anyone that's east, I'm coming east, maybe people who are a little north it might be a little bit out of the way coming down south, but, um, might be better if we all just traveled as one big herd. But I would say everyone needs to be at that park at 10.

Alexander OR (Richard Flannery) 09:12

10 in the morning?

ND - John WA (Colton Brown) 09:14

Yes, 10 a.m. But that is not for...

09:17

I can't get there at 10 a.m.

ND - John WA (Colton Brown) 09:19

Not, yeah, it's not gonna work for like, you Oregon guys, though. Um, what time were you projected to get at the campsite, Alexander?

Alexander OR (Richard Flannery) 09:32

Well, it's a seven hour drive. The camp opens at 2, that means, we could leave at like, we could leave at 9, probably, get us there in about roughly 4, probably 4:30 roughly.

ND - John WA (Colton Brown) 09:57

Well, I would prefer if you got there at a decent time because we are starting festivities when we get there. Try to be there at 2.

Alexander OR (Richard Flannery) 10:10

Frederick do you know what time the rental place opens?

Frederick OR (Lawrence Norman) 10:16

We ain't doing that shit, we'll just take my ride.

Alexander OR (Richard Flannery) 10:20

Oh, okay, then yeah, we can we can leave at, you want to get here at seven o'clock?

Frederick OR (Lawrence Norman) 10:27

Yeah.

Alexander OR (Richard Flannery) 10:29

Okay, cool.

Frederick OR (Lawrence Norman) 10:29

Yeah, their their prices are way higher this time around.

Alexander OR (Richard Flannery) 10:33

Well that's fucking gay.

Frederick OR (Lawrence Norman) 10:36

Seconded.

ND - John WA (Colton Brown) 10:41

The fuck is everyone else?

Ethan WA (Justin O'Leary) 10:44

That's what I was wondering, I was almost thinking maybe people were doing like last minute stuff because it's the night before, you know?

Alexander OR (Richard Flannery) 10:52

Most likely.

ND - John WA (Colton Brown) 10:54

Yes, that's what I'm supposed to be doing. I am procrastinating my homework right now, actually I was writing it, I'm about I'm about one, two pages in and it's only half of my homework that I have, for all of you guys, I still have to completely clean my room, completely clean my spare room. I have to pack everything, I have to completely clean out my truck, pack the truck, so I'll probably be doing that in the a.m. when I get up, I have the help of Lawrence who I'll happily make my slave and help me accomplish these tasks, as he should because he will be sleeping under my roof. That and it's always fun to put Lawrence to work. Whenever we go out and do activism I always would make him ride in the passenger seat and prep all of our stickers, most of which I would put up. So he would prep them and I'd put them all up and get the credit on #activism, people are like, wow John, you're doing such a great job and it's like, use Lawrence, he's just like, yeah this is fine. I miss him, I'm glad that he's gonna, he's gonna be here with us this weekend. Would any of you know anything about John Muir?

Ethan WA (Justin O'Leary) 12:24

John Muir?

ND - John WA (Colton Brown) 12:26

Yes.

Ethan WA (Justin O'Leary) 12:30

A little bit.

ND - John WA (Colton Brown) 12:33

Hey, educate us.

Ethan WA (Justin O'Leary) 12:37

I want to say he's the first to [inaudible]

Andrew WY 12:40

[Inaudible] too much dead silence in the chat?

Ethan WA (Justin O'Leary) 12:49

Yeah, I was gonna say, I want to say he was the first to summit Rainier, and...

Andrew WY 12:57

That's so weird. I can't hear anybody.

Ethan WA (Justin O'Leary) 12:59

...there's a camp named him, a base camp for climbing Mount Rainier.

13:09

Andrew I know you can't hear this but log out and log back in.

13:17

[Laughter]

ND - John WA (Colton Brown) 13:17

Trying to find his fucking Telegram, poor guy, he'll figure it out, he's new to Mumble.

13:33

Can you hear us now?

ND - John WA (Colton Brown) 13:37

[Inaudible] the app.

13:41

It was happening to me the other day.

ND - John WA (Colton Brown) 14:50

This guy moved here from Scotland. [Inaudible] John Muir is from Scotland. So, um, all of you guys, I'm gonna take, I take it this is everyone who's gonna be this meeting, people running late, whatever. All of you guys have gone over the gear list, y'all packed up ready to go, correct? Do you have any questions

regarding the gear list or anything you need to bring? Nope. So I'm going to, um, all of you who have completed activism will be given the campsite address or wherever we're going to be meeting up, um, I will send that out tonight, um, ah shit, probably do that, I'm writing contact Jack first about this campsite, probably just finalizing things. Does anyone have any questions, comments or concerns about, about this weekend? Already you had a couple meetings but I wanted to finalize everything right now, get y'all together and kind of talk, discuss our plans, comments concerns, at all, please, please.

16:58

This is Vincent. Do we know how many parking spots are there at the campsite?

ND - John WA (Colton Brown) 17:06

More than enough.

17:09

Okay, thank you.

ND - John WA (Colton Brown) 17:12

Um, the campsite was reserved for, I want to say like an estimated headcount of at least 40 people, so we'll probably have enough parking spaces for everyone to bring two cars.

Ethan WA (Justin O'Leary) 17:39

I was gonna say, if we're camping at altitude or whatever, dress warmer than you would around here or whatever at sea level.

ND - John WA (Colton Brown) 17:51

We're not camping, camping at sea level, driving to destination, otherwise they would be a whole different gear list. I thought, I thought about, we do a much more intense hike but seeing as, we'll just see how we do and then maybe for a future endeavor we can do something a little bit more challenging, put it that way.

Ethan WA (Justin O'Leary) 18:23

Right on. I don't know, I was just saying even if it were like at 2-3000 feet, you know, it'll be a little colder, but, if it's sea level, than sea level.

ND - John WA (Colton Brown) 18:34

it's gonna rain a little bit in the day but um, the place we're hiking is going to have decent weather. The hard snowpack however might have some slush to it though, so it might be worthy of noting, having an extra pair of socks and waterproof boots, but um I already believe I highlighted bringing boots that are good with snow and water so, just keep that in mind. I should uh, write that down. So we're at the campsite, I can tell everyone, hey, bring an extra pair of socks in your backpack. Thank you.

Alexander OR (Richard Flannery) 19:21

Hey, John, I know I'm the cook for this event. But did I need to bring any bottled water for anyone?

ND - John WA (Colton Brown) 19:28

No, Marcus Washington bought some. So thank Marcus.

Alexander OR (Richard Flannery) 19:32

Thank you Marcus.

ND - John WA (Colton Brown) 19:33

I also bought electrolyte drinks for all of us to take up on the mountain. Wrote a list for everything that needs packed tomorrow. [Inaudible] banner, banner, someone took my really nice 'Reclaim America' banner, that was a professional one, so I'm gonna bring 'Strong Families, Strong Nations' one instead. Bottled drinks, ice, beer.

Ethan WA (Justin O'Leary) 20:15

Did you say beer?

ND - John WA (Colton Brown) 20:20

However if guys do bring a couple of their own drinks and want to have a drink in the evening when they get back, fine, it would just, don't be the guy that ruins it for everyone else, embarrassing.

Ethan WA (Justin O'Leary) 20:41

Yeah I was wondering about that, I assumed like not, but yeah if we can have a couple beers or whatever, obviously not get smashed.

ND - John WA (Colton Brown) 20:51

I will reprimand anyone that does overindulge though. I'm gonna ask in Salt Lake City, ask Thomas what the org's official stance is on alcohol, because Lawrence and other people have like, drilled it into like, everyone's heads that this is like, a completely sober organization, you can't have like, one drop of alcohol. And yeah I, I personally don't believe in that, um, I'm a Christian and I, it says in the Bible that Jesus himself did drink wine but it specifically says not to get drunk and I believe other, I forget who it was it said this, but a strong man is someone who can hold his liquor, I believe that was some Roman emperor, this is David's specialty, um, Lawrence's, but, um, yeah, so Lawrence is very big on like, absolutely no alcohol ever.

Ethan WA (Justin O'Leary) 21:51

[Inaudible].

ND - John WA (Colton Brown) 21:52

Yeah, um, the issue with, with that is guys, you know, you drink a lot, guys like to get rowdy, or, and don't like, everyone in the org, it was probably one guy in the org that you probably like, have some issue with, you know, fights occur and drama happens and that's how every other group has fallen apart in the past, it wasn't infiltrated by feds. It fell apart due to infighting. So, uh, not getting hammered with guys as a big, you know, rather good about everyone, um, but, uh, I do know that Patrick Texas, formerly Patrick New York, former Samuel New York, John Utah, and, uh, many other Network Directors do enjoy drinking, and meeting up with like, TRS Pool Party guys and throwing back some

drinks. Um, I for one, I went a year and a half sober and I didn't have any alcohol until I went to Utah to visit John and I had a couple of drinks with him and his mom, in fact I only had two drinks, rather strong actually, I don't know why they make drinks that strong, all you can really taste is the alcohol, like a really expensive shot, honestly, waste of money in my opinion, we can just buy a bottle and orange juice, but yeah a couple beers, you know, I'm not gonna be against that. [Inaudible] be a great accomplishment what we accomplished, and if you want to reward yourself with some poison, by all means do that. I will be rewarding myself with a protein shake, speaking of which, I thought about making protein slop for everyone.

Ethan WA (Justin O'Leary) 23:47

Should I grab a couple racks to share? Or [inaudible] more like personal?

ND - John WA (Colton Brown) 23:53

Yeah, I don't, I think that'd be a horrible idea. Hey guys, here's all the beer, have at it. A couple, a couple to share with people is fine, but don't go bringing the whole ice chest full of, full of Coors Light, please.

Ethan WA (Justin O'Leary) 24:11

Yeah don't come in with a couple 30 racks under each arm.

ND - John WA (Colton Brown) 24:17

I would limit people to like two or three beers. If Lawrence was here he'd be... his experience with drinking is always like going to a concert and then just like getting absolutely trashed and jumping in the mosh pit the whole entire night and he says that's the only reason anyone should ever drink is if they're gonna do that.

24:50

[Laughter]

Alexander OR (Richard Flannery) 24:50

That is the only reason he should ever drink. Like he's not wrong.

ND - John WA (Colton Brown) 25:02

It is, it does make for a fun time. I miss going to shows. I was going to go to shows, then my dad was like, the mask mandate's back, we're not seeing Lamb of God, we're getting a refund, he wants to go fishing instead of going to see Lamb of God, which, I don't blame him so I'm gonna go fishing sometime.

25:24

River fishing, ocean fishing, lake fishing?

ND - John WA (Colton Brown) 25:26

[Inaudible] God, that's awesome. Good job. Spend some quality time with the old man, I never do that, I spend quality time with you guys and Montana spray paint. Well, um I have a, uh, essay to continue

working on, uh, a good one, I hope you guys like it, but I don't, I don't really have anything else to go over other than I need to send out the address to everyone who's going to be Seattle area and east to meet up Ravensdale. Marcus, what time do you project being over here?

Marcus WA/ID 26:29

Late afternoon.

ND - John WA (Colton Brown) 26:30

In that case, um. [Inaudible]. Look who decided to show up!

Johnny ID 26:55

I said yes. [Inaudible] a message on Mumble, er, not Mumble.

ND - John WA (Colton Brown) 27:03

Johnny, did you, uh, did you complete an action this week, bud?

Johnny ID 27:06

Uh, I did not, I don't have any for you.

ND - John WA (Colton Brown) 27:09

[Inaudible] work out [inaudible]

Johnny ID 27:13

[Inaudible]

ND - John WA (Colton Brown) 27:19

Did you work out, yes or no?

Johnny ID 27:23

Uh, [inaudible]. So yeah. I did.

ND - John WA (Colton Brown) 27:33

Johnny, you know anything about John Muir?

Johnny ID 27:36

About who?

ND - John WA (Colton Brown) 27:37

John Muir?

Johnny ID 27:38

John Muir?

ND - John WA (Colton Brown) 27:39

Yes.

Johnny ID 27:40

Never heard of him.

ND - John WA (Colton Brown) 27:44

I'm gonna ask Thomas to uh, suspend your account.

Johnny ID 27:48

Okay. So who is John Muir?

ND - John WA (Colton Brown) 27:50

[Inaudible] lesson on him if you were coming. But um, yeah, he was a, he was a conservationist and founded the national parks alongside Teddy Roosevelt, um, he, all of his work and essays that he published really helped to preserve the beauty of our national parks.

Alexander OR (Richard Flannery) 28:15

And he was Scottish.

ND - John WA (Colton Brown) 28:18

Scottish, he came from Scotland and he, he formed the Sierra Club, was anti-immigration.

Andrew WY 28:26

Sounds like a pretty stand up guy.

Johnny ID 28:47

So again, apologies for my tardiness. The place I work at, for some reason, it's network actually used to be two bars, but now it's like barely anything. And the new coworker's like, oh we're supposed to do two hour patrols, like, we only have 30 minutes left and I came in a little bit early, just, dude, I've been in there for like four hours so I'm like, okay, so anyway, he didn't want to get out of the patrol vehicle, I had to wait. But now I have connection. So I'm here. So what'd I miss?

ND - John WA (Colton Brown) 29:17

Not much, just going over some finalized stuff and asking the guys if they have any questions for me. [Inaudible] here but I understand they're probably finalizing and packing and that's also something I need to do. So unless you guys have anything else for me, I'm going to call it good. Any of you don't, I think all of you have me on Telegram, um, you can call me at any moment during this weekend when you will still have your phone, call me anytime tonight or tomorrow in the morning if you have any questions or need help with anything, grab anything last minute, um, feel, feel free to reach out and call me on Telegram.

30:01

I have one quick question before you go. Am I good to bring my camera? Would that be useful for this? Or should I leave that.

ND - John WA (Colton Brown) 30:09

Yes, yes, yes, yes, yes, please bring that. Am I echoing? So, yes, bring your camera. And I want you to take, first off, I want you to bring a card for the camera that is fresh, okay. And I want you to take a bunch of great shots. And I don't know if it does footage too but you can do, try to do some footage as well. I think someone was bringing a drone, I don't remember who. And then Lawrence also is bringing his GoPro. So we're gonna try to get some great footage and pictures. But that memory stick from your camera, Thomas requested that I take it and download it to my computer, somehow, someway. Then once I have all the content to give it back to you. Why is cuz you're still a newer member, so, running around with a bunch of photos of everyone...

31:26

Oh, totally understandable.

Andrew WY 31:48

Hello.

31:49

Hey.

Alexander OR (Richard Flannery) 31:53

Hey it got really quiet in here.

Johnny ID 31:55

Oh, yes. If no one has anything else to say, well, a little update from for me. So George Washington is starting to feel better.

32:07

Oh, good.

Johnny ID 32:10

Yeah, he told me he should be back in working order Friday, but [inaudible]

32:20

[Inaudible]

Johnny ID 32:20

[Inaudible] Sorry.

32:23

[Inaudible]

Johnny ID 32:24

No, I'm not a cop. I work private security.

ND - John WA (Colton Brown) 32:28

They were calling us right now and telling him that you're a cop.

32:31

Alright.

32:32

Andrew WY 32:38

Does George have the coof?

Johnny ID 32:40

George does have the coof and he got it from me. So I had COVID. And I mentioned, I was like, hey, I have COVID, that's fine. And I was wearing a mask. And he was like, dude, why are you wearing a mask? I'm like, because I have COVID, I don't wanna get you sick. And he looks dude, I have great immune system. Don't even worry about it. And I said okay, and I took it off. Now he has COVID.

32:59

LOL.

Johnny ID 33:00

So I feel bad about it but at the same time his sins are his own. Because he knew what he was getting into.

Frederick OR (Lawrence Norman) 33:10

I love how everyone just calls every respiratory illness COVID now.

Alexander OR (Richard Flannery) 33:15

Yeah, don't you just love how the flu has completely disappeared?

Andrew WY 33:19

And the common cold and a cough?

Alexander OR (Richard Flannery) 33:21

Yeah, it's all flovid.

Johnny ID 33:26

What I feeling wasn't the common cold.

Alexander OR (Richard Flannery) 33:28

I know, I know, Johnny.

Ethan WA (Justin O'Leary) 33:30

What did you guys get tested or something?

Johnny ID 33:32

Yeah, I got tested and apparently, because I thought like, I got sick after I started doing my mile run. I was like, please don't tell me I'm just some weakling. And I thought it was adrenal fatigue. And sure enough, I go get tested, I called the urgent care I was like... [Radio noise in background]

Ethan WA (Justin O'Leary) 33:51

Yo that was some cop codes right there dude?

Johnny ID 33:54

Yeah, whatever. Yeah, cause shuttle boat, because that's the thing cops talk about. Anyway, so yeah.

Ethan WA (Justin O'Leary) 34:04

And what George WA, he burned a little PCR test too?

Johnny ID 34:09

I guess he did. I don't know, but he just told me he had COVID, so.

Ethan WA (Justin O'Leary) 34:13

Yeah, if he got sick immediately after you and you had it, apparently, I mean, that all make sense, right?

Johnny ID 34:18

Yeah. Yeah. So I called the urgent care and I was like, could you put, like, the steroid in my ass so I can just get back to working out and they're like, uh, that sounds like COVID. Everything sounds like COVID. They said, I don't know, just come in. So they came in. Sure enough, tested positive.

Alexander OR (Richard Flannery) 34:44

Hey, John, is this meeting technically over?

ND - John WA (Colton Brown) 34:47

Yes. And I am going to now leave unless there's any questions, comments or concerns for me.

Alexander OR (Richard Flannery) 34:58

Andrew and Frederick, could you come to meeting room two please?

Andrew WY 35:05

I disconnected again.

35:09

I'm gonna jump out, I'll talk to everyone tomorrow.

35:14

[Inaudible] booted out
