

2021-10-03 Casual Mumble with Lawrence FL et al

These recordings were taken by an anonymous source inside of Patriot Front during August to December 2021. Unicorn Riot has produced transcript PDFs, MP3s and videos from this set of recordings. The transcripts and the Mp3s use the same set of timecodes. The main report on our website uses separate timecodes that match our videos, which are lightly edited to remove silence, with an additional introduction and credits.

The .mp3 files (as opposed to slightly shortened videos) represent the uncut documentation of these Patriot Front voice meetings. These uncut audio files have been altered as little as possible in the interests of source protection.

Accuracy of transcripts and speaker identities

Unicorn Riot has done our best to compile transcripts with the most accurate time stamps and speaker identifications possible. Due to the combination of machine transcription and extensive human labor, there may be occasional errors in speaker IDs indicated in transcripts. but we are confident that the vast majority of the speaker IDs and content are correct. Some transcript timestamps are incorrect due to unavoidable issues with using machine transcription at scale, however, the majority are accurate.

Please note that these recordings may include Patriot Front members whose voices were not identified by us. When we were unsure about a speaker's identity we have left that line in the transcript without an assigned name, which machine transcription services usually tag as 'Unknown'. Many Patriot Front members have been identified by researchers, activists and journalists by linking multiple pieces of evidence to online personas.

ND - Lawrence FL 00:12

Anyway, eventually we get to the point where the cops are, er, before that, the college kid, I go, they're like questioning Floyd and asking him for his like, ID and stuff. And so I go sit down on the highway barricade, and there's a college kid there. And I'm like, "how's your night going?" He's like, "haha, better than yours", and I was like, "I've been through worse. It could be a lot worse, you know." He's being real smug about it. And then he's like, the cop asked, like, "well, what does this mean, victory or death?" And I was like, "Well, it means we must be victorious in our pursuits or we must face death. You know, because America is ruled by foreign hostile elite, and the corruption is too deep." I'm like, "I'm sure you guys know all about corruption", that's what I said to the cops.

00:59

Haha, nice.

ND - Lawrence FL 01:01

The college kid, he's like, he said something that was like, he's like, "what does that mean?" You know, like, like, what do you mean corrupt? Blah, blah, blah, I was like, well, okay, like, dude, are you proud to be an American? He's like, yeah, yeah, I am actually. I'm like, why? He's like, because of our freedom. I'm like, Oh, okay. Freedom. Do you think like, massive government surveillance is freedom? Do you think the Patriot Act is freedom? Do you think, you know, all these terrible things that government does is freedom? Like, I'm gonna have to disagree with you, man, he's like, well, like, at least we're like, protected. I was like, I'm like, well, correct me if I'm wrong, but last I checked, no one has ever tried to smuggle an explosive device through airport security since 911. And like, even that is like, ambiguous, you know?

01:44

You should've told him, like, well, I mean, and here I am being detained for allegedly dropping a banner.

ND - Lawrence FL 01:51

Yeah. And here I am allegedly, that's a really good one. That's great, I actually wish I'd thought of that.

Matthew MN 01:58

Because, remember, banner drops aren't really a crime unless you destroy property or trespass doing it, like, they could have booked you. But they would have had to release you afterwards. Because there's literally not a crime that they could charge you with.

ND - Lawrence FL 02:12

Yeah, exactly. Then, anyway, that, I think they were trying to scare us because they were looking at Floyd and talking to him. And they're taking his photo and all that. And they're like, yeah, this is a crime. This is vandalism. You're gonna go to jail. I'm like, oh fuck, they're going to take us down to jail for the night for this, this sucks.

02:31

I mean, it's, it's a scare tactic. Like they'll throw around threats like that. I mean, threaten to dox you to like, journalists and shit like that. Like, it's all an act.

ND - Lawrence FL 02:41

Yep, [inaudible]. But I was like, but, but the thing is, I don't think Floyd was like, looking super hot at the time either, you know, I mean, I couldn't see his face but like, I can kind of like, get the feeling like, dude, he's not like, stalwart, I guess, like, like I am. So anyway, they they pull me up, they're like Mr. Lawrence Florida, you know, I walk forward, fix my posture, stand up tall and proud. Look them in the eye, you know, and he's like, please remove your hat. And I take off the hat and he's like, you look way different with your hair. And I didn't say anything, I was giving him the smirk. You know, they get my photo. So the thing in the police report now is just me smirking to the camera, you know, like, no fear,

no, you know, super confident in myself. And then after that we were talking for a bit and the cops were like, yeah, man, like we saw you up there, on there. Like they were like, genuinely impressed with our ability to get that up there. Like the cop, one cop was like, yo, dude, I saw you up there and I was like, saw you hanging half your body over the fence, I was like oh my god, like this guy's gonna kill himself, and I was like, oh, come on, guys, what, are you guys my mom? She's got enough to worry about, hahaha, so like me and all the cops are just like, having like a laugh about it. And the sheriff's all like, yeah, you know, like, I actually agree with what you guys are saying but like, you can't do that. And then I was like, okay, so like, like, what is like, a legal way to do things like, once again, kind of playing dumb, but also being nice, you know and respectful. And he like gives me some like bullshit about how you need permits and all that I'm just sitting there thinking like, oh, like oh, yeah, that makes so much sense. How could I have like, not understood that. You know, like, oh, man, thanks for informing me, officer. And so anyway, I was like, well, are we free to go? He's like yes, you're free to go, but it went from, you're going to jail, to you're free to go, like, "whew".

Matthew MN 04:35

Yeah, you, basically there's an art to dealing with cops and playing dumb is one way to get optimal results. You need to remember that [inaudible], go ahead Vincent?

04:50

Oh, I was gonna say I feel like the difference between city, city police and sheriffs is quite different as well.

04:56

We were doing some banner creation and we had some county sheriffs roll in on us asking us questions.

05:04

And we, you know, played it maybe a little differently than, maybe it would have been with the with the city police.

05:11

Because the, the sheriff's rolled in and they were, you know, just asking questions and, and being a little weird about it.

05:17

But I was gonna ask, I was gonna ask Lawrence whether or not he was dealing with city or, or like sheriff police, but he's out of the room now.

05:23

Oh he said it was the sheriffs. So that was in Florida, so they all answer to the local Jews.

Ethan WA (Justin O'Leary) 06:10

You guys see that in the, uh, network chat, that we made it on Twitter again?

06:18

I mean, I saw mentions of a, uh, banner drop in where was it? Auburn, Washington. Their picture was really shitty.

06:28

Yeah, I saw that. You could barely see the banner through the rainy window.

Matthew MN 06:33

Y'all saw that the George Floyd statue in New York got vandalized again and it wasn't us?

Ethan WA (Justin O'Leary) 06:43

Oh, really?

Matthew MN 06:44

Yeah. So there's like a new George Floyd statue that they put up and some guy like splashed paint on it.

06:51

From a skateboard, right?

Matthew MN 06:53

Yeah, the guy was like on a skateboard, like in broad daylight, splashed pain on it and left.

Ethan WA (Justin O'Leary) 07:03

Was that the Union Square deal?

Matthew MN 07:07

Yeah, I think so. Because that was like the one that didn't have Patriot Front stencils on it. There's like a second George Floyd statue was put up because people idolize that criminal nigger for some reason.

David WA 07:32

Goes to show that activism works, goes to show that if enough people had, if people can, you show people that you can do something like this, and you can get away with it, encourages other people do something. And slowly builds and builds until you have people who realize that this system has no power over us, and that we actually can do something to start fighting back. You don't have to just sit there, like some, like watch them, like, oppress you. You can actually do something and like to, and like fight back.

Ethan WA (Justin O'Leary) 08:02

That's right.

Matthew MN 08:02

Well, yeah, it's like, all the parents going to school boards and like harassing school board, you know, officials for the whole CRT shit, right? Like these school board officials are actually like legitimately

afraid right now, because they had like, parents, like literally, like harassing them over the anti-white shit being taught in schools. Like, you know, we're just getting started here. Like, I honestly think that the the Jewish neoliberal order that rules the United States is basically in a death spiral at this point.

David WA 08:37

Well, it's always been in somewhat of a death spiral, since it's an entirely materialistic order. It doesn't, it doesn't value any longevity, it values pleasure in the here and now. And it's only really about accumulating, trying to prolong how long they can continue to sit atop their pile of material wealth. So longevity or sustainability was never their intention.

Matthew MN 08:59

Well, it... I don't know. I think that they naively thought they could keep it going forever. But at least, the thing is, is like, as long as there's like, material goods and wealth in the nation, people are satisfied with whatever has been put forward. And you know, the moment like prosperity disappears, you know, don't have as much money, you know, or material goods like, yeah, like basically they're going to have no more [inaudible].

David WA 09:33

But it's more in a sense that, that, in a way they're bitter, like in the same way that Lucifer is himself bitter, because he knows and they all know that their time on this earth is short. And so they want to just in a way, drag down as many, as many people with them as possible. It's very like [inaudible] they can never succumb to anything that will amount, like eternity nothing they create will ever outlast, [inaudible] or outlast this world and so they, just this desire to destroy, bring down anything else they can.

Matthew MN 10:05

Yeah, I mean, I think you're right on that one. The thing is too, is that a lot of the architects behind the problems that we see today are very old, most of them, like any year now that they can die and they fucking know that. So they're trying to accelerate their agenda because they want to, they want to see their destruction, you know, come to fruition in their lifetime.

David WA 10:29

Or ensure that eventually they'll fall, that it will fall, that they'll follow them.

Matthew MN 10:35

Yeah, the thing is too, is like a lot of these people are Jews and they don't believe in eternal life. So they think that once, you know, their time's up, you know, that's it. Jews are very materialistic in that regard during their lifetimes. We all know that Jews are going to hell because they're Christ-killers, but that's besides the point. If that makes any sense.

Alexander OR (Richard Flannery) 11:31

Howdy folks.

Ethan WA (Justin O'Leary) 11:33

Alexander Oregon, welcome to the chatroom.

11:35

[Inaudible], Alexander.

Alexander OR (Richard Flannery) 11:39

Ah shit, now I'm getting another call .

11:46

RIP. Well, I'm going to get off, I'll talk to you all later.

11:50

Alright, you have a good night.

11:56

What's up, Washington?

11:59

Hey hey, we're just waiting for our meeting I think.

David WA 12:03

He said meeting tomorrow night, not tonight

12:09

You guys have, oh you guys are in different, way different time zone, that makes sense.

ND - Lawrence FL 12:13

What time is your guy's meeting then?

12:15

He did say tomorrow.

David WA 12:18

Yeah, it's, our meeting's usually at 7.

12:22

I just noticed that [inaudible]

12:23

Hello, all Network 8 PNW Washington guys, we are not having a meeting tonight.

12:27

I said we were having a meeting tomorrow on Monday.

David WA 12:30

[Inaudible]

12:30

I just told them that.

12:31

Okay, thank you.

12:35

Yeah guys, jeez.

David WA 12:40

I'm gonna follow him. Goodnight.

12:43

Bye David. Get outta here.

12:47

So how's Washington, guys?

Ethan WA (Justin O'Leary) 12:52

It's good, you know, summer is winding down but still beauty.

12:57

I'm trying to remember, Ethan, you've been here for like a month now.

Ethan WA (Justin O'Leary) 13:03

Yeah, about that.

13:05

Vincent. How long have you been with Washington?

13:08

Since the first week of August.

13:11

"First week of August...", I don't remember if we've talked before.

13:16

I don't think so. But nice to meet you.

13:18

Oh okay, yeah you [inaudible].

13:37

Did I miss something at the end there? I didn't hear what, uh...

Ethan WA (Justin O'Leary) 13:41

I don't know, I'm just laughing that we're in a meeting that's not a meeting.

13:47

What's up guys, what happened?

13:49

Oh, we both misread when the the meeting was going to be this week.

13:52

Usually we have meetings on Sundays but I guess this week it was supposed to be on a Monday and we had a couple of people join early in the night, David let us know that the meeting's actually supposed to be on Monday.

ND - Lawrence FL 14:05

I thought it was always Monday, that's how I've always done them. Okay. Anyway, well how are you guys doing?

14:15

Sorry about that. I was dragged into a, a room with Thomas, he told me I'm doing such a great job, I'm being promoted to the leader of this organization, can you believe that, Lawrence?

ND - Lawrence FL 14:29

I can believe it.

14:30

You can believe it?

ND - Lawrence FL 14:32

Yeah.

14:33

He said he loves me.

ND - Lawrence FL 14:37

Yeah, I can believe you're doing a good job.

14:40

Congrats.

14:42

It's all lies guys, I'm losing the position.

14:47

Have you been talking to James at all, Lawrence? James Texas. [inaudible]

ND - Lawrence FL 14:52

James Texas or James Arizona?

14:55

Well, I guess we have a James Arizona and James Texas to talk to, don't we?

ND - Lawrence FL 15:05

He didn't specify, I was like oh cool James Arizona, I'm pretty sure his name is James Arizona.

15:10

Yeah, James Texas is going to be the... is going for the active director of the [inaudible] Texas Network.

15:18

Awesome possum.

15:20

Yeah, I've been in contact with him quite a bit. I've never talked to Arizona.

ND - Lawrence FL 15:25

I've never talked to anyone from Arizona, Missouri... Missouri, Arizona, we're very different people.

15:32

Yeah, so it seems.

15:34

You know, the Missouri man and Florida man there's a little bit of similarity there, that's both sub-tropical conditions right?

ND - Lawrence FL 15:43

I mean, a little bit yeah, I guess I've never been to Missouri so I wouldn't know.

15:47

Is it pretty humid over there in, uh, Florida all the time?

ND - Lawrence FL 15:51

Yeah, every time I walk outside I guess sweaty it's pretty annoying.

15:54

Yeah, exactly the same way Missouri except we actually have a winter.

ND - Lawrence FL 15:59

Yeah, this is summer here forever. Which is kind of neat I guess... kinda like Hyperborea.

16:03

I, I've never experienced that. I wonder how that is. That'd be weird.

ND - Lawrence FL 16:08

Kind of like Hyperborea.

16:10

Oh let's see, I thought, I thought Hyperborea you entered forever.

ND - Lawrence FL 16:17

Well apparently it's where the sun never sets and the Golden Age never ends.

16:23

I see, I see. Yeah, I don't know if I could.. I mean, I guess I could adapt so like in the winter or winter time what your temperatures get down to?

ND - Lawrence FL 16:31

Like, what's the temperature drop? Is it significant? I don't know. It probably doesn't go past like 60, honestly.

16:42

How was moving? Like, when you moved how do you... did you have to adapt quite a bit?

ND - Lawrence FL 16:49

Like, like when I moved from Washington to Florida?

16:52

Yeah, that's a huge difference in seasons.

ND - Lawrence FL 16:57

Yeah, I mean, I guess it is kind of annoying not having a real like season. There's just hot, I mean there's just wet and dry season here. So yeah, we're in the... it's like Egypt, you know? There's only the wet season and the dry season so we're like India probably, they don't have a fall, they don't have a spring, it's just wet/dry. I mean like, in the summer, the grass grow, like in a week's time the grass has to be mowed like every, like, two weeks, it grows that fast because of so much rain and so much sunlight.

17:29

I used to live in the Midwest, and we had, you know, the summers that would get up to 100 degrees and the winters that would go down to negative 40.

17:38

I don't miss the summers but I missed the winters a lot.

17:40

So it's funny hearing somebody talk about the, the lack of seasons down south, which I've never really lived down south for an extended period of time.

17:48

But I just think of Washington as having like such more subdued, subdued seasons compared to some of the middle states.

ND - Lawrence FL 17:58

Yeah, Washington is nice and mild all year round. I mean, summer gets kind of hot, when it's not winter it doesn't really get all that cold. You know, it's, well western Washington anyway. It's really mild. It's nice.

Ethan WA (Justin O'Leary) 18:10

It's kind of like a wet and dry season up here too.

ND - Lawrence FL 18:15

I mean, a little bit, but it's kinda wet, you know. At least there's like, the trees change color and it's fall, and it's like, it's cold outside but it's not so cold, you know? And then it's winter, it gets a little snowy but like only a little bit snowy. And then spring comes along it's so like kind of nippy, you, like kind of warm and then summer is like yeah, sometimes you got your, like a lot of cold days or cloudy days but it's also kind of sunny too. But like never like excruciatingly hot except that one day you had like 110 degree day.

Ethan WA (Justin O'Leary) 18:48

Yeah, it was weird.

ND - Lawrence FL 18:51

Yeah, we didn't even have any those days in Florida. I mean, I had a 110 degree day when I was in Australia.

18:57

Oh wow.

ND - Lawrence FL 18:58

Yeah. 40 degrees Celsius.

Ethan WA (Justin O'Leary) 19:05

Was that western Australia or something?

ND - Lawrence FL 19:09

No, it was like, uh, Melbourne, so eastern. Like south eastern. I've never been into the interior...

19:18

Is there a bird in your house there?

Ethan WA (Justin O'Leary) 19:20

No, that's my little boy.

19:24

Oops

ND - Lawrence FL 19:30

I've never been to the interior of Australia. I've only been to the, Melbourne in the city, like as far as [inaudible] have gone like in the country is like, we go to like Daylesford where there's like this big lavender farm. It's really nice. Yeah, like lavender scones and tea and stuff.

Ethan WA (Justin O'Leary) 19:48

Lavender ice cream.

ND - Lawrence FL 19:50

Yeah, they got that too. I got a little drunk on [inaudible] on like this pear cider they had there. So I was like, oh cool, pear cider, that sounds good, and it was really good. And I drank all of it, I was like, uh oh, I feel a little weird now. Yeah, I don't drink.

Ethan WA (Justin O'Leary) 20:06

Yeah, its like 12 percent.

ND - Lawrence FL 20:09

Yeah, something like that. But yeah. I met up with the Identity Australia guys while I there too. So that was cool. They're all in NSN now or whatever it's called.

Ethan WA (Justin O'Leary) 20:27

Okay, I didn't know they were like, the group before that.

ND - Lawrence FL 20:31

Yeah, there was a group, this one guy Jacob, but he's in jail now, but he flew all the way down from Sydney to come meet me in Melbourne. So...

Ethan WA (Justin O'Leary) 20:40

Oh, really? Actually, he's not, uh, he's not in jail. He's on bail. But his bail conditions are, he can't, like, do anything [inaudible] or shit talk online, so...

ND - Lawrence FL 20:54

Yeah, it's annoying, because it's just like, they get in trouble for like, stupid shit, you know, like stuff that we don't really have a problem with thankfully, like, if you get in a fight, like, dude, like, you best hope to god no one sees it or, you know. Because they, you know, that's what Thomas Sewell got screwed over is, like, fighting some random guy. Like, that one punch is, like, what screwed him for a good while, like, it probably would have been better to take the punches, honestly. And just get beaten up because at least you'd be free.

Ethan WA (Justin O'Leary) 21:24

Yeah, and then it was that, because they're hiking or whatever. And then it sounds like it was Antifa confronted them and then there's a claim of armed robbery or whatever. Allegedly they, like, took that guy's phone. Although they're saying he was saying like, oh, just take my phone, is that what you want, take it, take it.

ND - Lawrence FL 21:46

I don't know. That's annoying.

Ethan WA (Justin O'Leary) 21:51

Yeah, basically just fucking anarchists agitating and then when you win the fight, then it's an armed robbery and you're in fucking jail.

ND - Lawrence FL 22:01

Yeah, is that what it was? I was wondering like how it's armed robbery.

Ethan WA (Justin O'Leary) 22:05

But that's pretty much what I got out of it.

ND - Lawrence FL 22:10

[Inaudible] to kind of ruin stuff with them [inaudible]. I mean, maybe we should just keep it for body cameras, like hidden cameras and stuff. I've never experienced that here, yet. But like, I guess it isn't out of the realm of possibilities, you know, for a fed to do something like that. But like, not that we're doing anything illegal, you know, I mean, like other than like something petty like graffiti, but like they're not gonna, you know, it's not really worth their time. Or maybe it is worth it. Maybe they could make it worth their time. But more often than not, I don't feel like they really go hard on street artists, you know. That's like Afro graffiti gangs like all over the place, you know?

22:56

Yeah.

ND - Lawrence FL 22:56

But like, I've never heard of them getting RICO or anything like that, you know, it's like, technically, you know, it's a group of people and they commit crimes so, it is a criminal organization in some respects.

But, but like, not like, you know, not really all that criminal either. I mean, it's difficult to call it a criminal organization.

Ethan WA (Justin O'Leary) 23:24

Maybe a mischievous organization.

ND - Lawrence FL 23:28

Maybe a, 'they do a little trolling' kinda organization. An organization that does a little trolling. Dude the US Canadian border up like, where like, Minnesota and like, Michigan and all that is is so messed up, like, it's so janky, these borders are horrible. 'We do a little trolling', the organization.

24:04

I was gonna mention to you Lawrence before, since you were talking about the the run-in with police. Some of us had our first, first police interaction as members, as we were doing...

ND - Lawrence FL 24:14

Oh, good.

24:15

...as we were doing banner creation at this, at this park, that's a favorite park of John's, some sheriffs rolled in on us and they were, I don't know, very... the parks department I guess was very upset to see people making banners.

24:29

And they didn't say that it was regarding anything political.

24:32

But they, you know, they kind of, kind of had that sense. One of their one of the park department people who drove by and looked very [laughs], very seething, upset, that there were people making patriotic banners in their neighborhood.

24:45

Because we were, we immediately flipped, flipped the URL over and everything, or I don't even know if we got as far as the URL when, when the Parks Department came by.

24:54

But the Sheriff's department came by and they were just asking questions and saying oh, the Parks Department doesn't really want you here.

25:00

And we didn't push it at the time but they didn't ask for our IDs or anything like that.

ND - Lawrence FL 25:08

That's good. Yeah, I mean, how does the Parks Department people like, do they have, like, a little building there? I mean we'd make banners there all the time, maybe they only just started taking notice?

25:20

I think we just got unlucky just because there happened to be a couple of people over there on that day and the parks department just happened to roll by in their little cart.

ND - Lawrence FL 25:33

Yeah, well, that'll do it. Sometimes it's unlikely but you know, 99% of time we've been there we've never had an issue so it should be fine to go back to again, and just be like "fuck the parks department".

25:45

If you guys need a place to go with your best guys that you trust, we only, I do it in my house with my most trusted men, that's how i do it.

ND - Lawrence FL 25:53

I also have a shop we can do it at and I also have [inaudible] property. Someone has to have something like that right? Yeah, John can take one guy, like honestly you only need two people to make banners efficiently. Like I mean, like...

26:08

[Inaudible]

ND - Lawrence FL 26:09

Yeah, exactly, it's just people standing around not doing anything and it's just kind of, yeah, you only really need two, for like, banners is, it's the Rule of Two. Making banners is like, you know, it's like venom, it's stronger when you concentrate it, okay, so the less people the more concentrated the banner efficiency is.

26:31

My printing workshop in, in my basement and we have been working down there every Friday for like six hours every Friday, and we had four guys there and it was bad, we got less done than two.

ND - Lawrence FL 26:44

Mmhmm. The rule of two, like Sith lords.

Ethan WA (Justin O'Leary) 26:52

Yeah, I ended up picking the stencils and canvas and everything so I was just gonna crank em out in my backyard this week. Like the rest [inaudible].

ND - Lawrence FL 27:02

Yeah, if you have like John or someone, just like one other guy to help you, you'll get it done super fast.

Ethan WA (Justin O'Leary) 27:10

Was probably just gonna have my wife help me.

ND - Lawrence FL 27:12

There you go, even better.

Ethan WA (Justin O'Leary) 27:15

And nobody has to drive.

ND - Lawrence FL 27:18

There you go. That's, that's nice to have. I was annoyed because it's like Jack Florida is got like, some girl that he's like, with now. And he's like, not talking to me. And he's like, too busy. Like, I'll bet good money she's been at his sweet house all week. They work together and they're probably going back to his place every single night because Grant isn't there right now. So obviously, he just gonna have her live there. I'm positive that's what's going on. So...

27:54

My wife told me to join this shit, when I, when was, I was looking at multiple different groups, right?

ND - Lawrence FL 27:59

And she was like, "yeah, you should join that one" [inaudible] yeah, I agree.

28:04

Based.

ND - Lawrence FL 28:06

But anyway, he's not talking to me, it's kind of annoying [inaudible] but I remember how it is.

28:11

He also got the knocks knocks from the fed [inaudible] our photographer.

ND - Lawrence FL 28:16

Bro, why did that stop him, big deal. Who cares what the feds think?

28:19

He fuckin tell his mom everything, he's a mama's boy and he got scared that they would talk to her and he left.

ND - Lawrence FL 28:27

Dude, what a faggot, I want a faggot, who was this? I'm gonna message him on Telegram, like, dude, you a faggot, you a mama's boy, you're a faggot. And he'll just be like 'dude, shut up, man.'

28:39

He's from Missouri. The skinny one, the one MO at the training.

ND - Lawrence FL 28:43

Oh my god. I don't remember to be honest. Oh well. I'm going to pretend I don't remember, I'm gonna pretend I didn't hear that and just continue not knowing who he is. So I don't feel as disappointed. Did we have a Marcus Florida? He was like two. He told his parents everything. And then like, they're like "you got it". But you know, you know what they said? "You need to like leave that organization, you need to change your opinions on racism or we're going to kick you out." You know what he did? He left and listened. Like, dude, what the fuck. I told him like, okay, well..

29:14

What a beta male.

ND - Lawrence FL 29:15

Yeah, if you're gonna do that, at least do a whole 180 and say you're gay, and you love George Floyd and just, just an anarchist and just ream your parents with like, stupid bullshit and so that they wish you were racist. Just be even more annoying, you know?

29:30

[Laughter]

ND - Lawrence FL 29:31

And then call them racist.

29:32

That's, that's a good idea. That's really funny actually.

ND - Lawrence FL 29:35

That's what I'd do. If I was in this position.

Ethan WA (Justin O'Leary) 29:40

How old are these guys where they're getting threatened to kick, get kicked out of their houses though?

29:46

I might take off now, mom.

ND - Lawrence FL 29:49

Yeah, no, I agree. My parents [inaudible] the coolest thing, where my dad's like, "yeah, well, every empire has always crumbled. Nothing ever works." And I always pull the okay, well, I'm just gonna go do heroin and kill myself then, like, what do you say about that? Like, what? Why shouldn't I just go kill myself? If nothing matters and everything crumbles and falls apart? It's like, I told, like, last I got in a big fight with my parents actually. I told my dad like, like you're like a nihilist, but like of all like the worst parts, okay? It's like, it's not like a cool nihilism where you have no eyebrows and you wear all black and you [inaudible] just like, the just Boomer, like, "ah we're gonna die tomorrow anyway, who cares?" It's just like, the worst, lamest nihilism.

30:30

So empty. Like, no cause behind it.

ND - Lawrence FL 30:34

Yeah, it's like, you could be like Marilyn Manson, but instead you're just cringe. But then again, if you acted like Marilyn Manson, he would make Manson cringe too, so I guess it's better that he doesn't do that.

Ethan WA (Justin O'Leary) 30:47

And if empires fall apart, shouldn't you just, like, start working on the next one?

30:52

Ask him why the hell he had kids if he didn't care about it, you know, like, what the fuck?

ND - Lawrence FL 30:56

No, I mean, he would say, "but it's futile. You got to try something different. Something no one's ever thought of before". Like, no, not really. That's not how it works. He just gives some stupid answer to because he doesn't really I'm like, you know, you got a lot of opinions for an armchair revolutionary. Anyway.

31:15

Hey, sorry, my dad's got wet brain from alcohol so he can't even have a coherent sentence, I feel ya.

ND - Lawrence FL 31:20

I honestly like dude, like, when I argue with him, it's like not even an argument, he will, he'll like spray a bunch, a variety of statements and then like straw man accusations followed by insults. And like, you can't argue with that. Because there's nothing to argue with. It's just like, random bullshit. And then he'll like, go off and say, "I can't believe you have a history degree and you deny the Holocaust." I'm like, "who cares about the Holocaust? It doesn't, it was 100 years ago. It doesn't matter. It's not relevant." He's like it is, uhh, the shoes!

31:51

The shoes? I don't even know what the shoes are anymore. What are the shoes?

ND - Lawrence FL 31:57

Like, you know, like the big pile of shoes or whatever.

32:03

Oh, I thought they were gonna say that we're making them into shoes now.

ND - Lawrence FL 32:05

[Laughs] Well, I mean, they said they were making them into soaps, honestly, making them into shoes would be a little more [inaudible].

32:12

Well, shoes aren't out of the picture.

ND - Lawrence FL 32:14

Yeah, like, I mean, at least human skin could be turned to leather, I guess. Like, like the fat and the soap. Like, okay, if you hate Jews so much, and think they're disgusting. Why would you wash yourself with them?

32:27

Because they're jealous of them, duh.

ND - Lawrence FL 32:30

Yeah, the whole thing's a hoax. And like, do they just like, they started poggging out and I was like, I got, I think the worst part about all this is like, not really that I was being harassed by this conversation again, but I kind of lost my center. You know, I kind of like blew up on it. And I was, so that was really mad about myself blowing up and like that I allowed them to, like, get under my skin like that. But I was like, dude, if you like these fucking niggers so much, like why don't you go live with them, like you sit here in your literal ivory tower, you know, in the whitest part of Florida, like a real expensive, nice place. no niggers, and you just, you just spout off how much you love diversity? Like it's horseshit. Like, they, shut up.

33:14

Sorry. I mean, I tell all of our guys who's a fucking idiot in front of 13 guys over this last [inaudible].

ND - Lawrence FL 33:21

Yeah. Anyway, I kind of blew up and then my mom wanted me to help her, like do some maintenance around the house. But I told her like, no, I'm not going to help you. Like, I'm pissed. But I haven't really talked to them the last couple of days now. Anyway.

33:39

I see. I moved out at 17 and I lived a very crazy life after that. So the route this has taken is a confusing one.

ND - Lawrence FL 33:49

Yeah, no, I mean, like, I was like, I've been reading this book on how to live out of my car. But like, I could just live at work, I guess maybe, but like, it would get kind of like, I don't know...

33:59

Out of your car? Holy fuck, how about you move to uhh... how about you just come on over here, Missouri.

ND - Lawrence FL 34:04

Uh live in, you could live in like the other side of Jefferson City. And then you can be the future network director of western Missouri, and then you could just live at my house, there ya go. Well, an opportunity did present itself actually to move, this guy that's my dad's friend. He owns like, campsites or whatever, in New Hampshire. And he can't find work, apparently. And he's like, Hey, my dad's like, Hey, if you want, like, move to New Hampshire and do that you could, and I was like, oh, I'll think about it. But I asked Thomas like, "hey, what if I left right now? Do you think that would be extremely detrimental to the organization?" He's like, "Yeah, dude, if you left, like, network [inaudible]"

34:41

If you left Florida, right now?

ND - Lawrence FL 34:43

Yeah. Yeah, like Network 16 would probably dissolve like, that's like, okay, then. Yeah, like my main priority, like it's just a job, you know, I've got a job, I don't need it. It's like sure, I get paid 10 bucks more, I could live on a campsite, which'd be kind of cool. But like, New England's good, you know, like, they don't need me there.

35:02

If i left man, my guys would be devastated. Like, absolutely devastated.

ND - Lawrence FL 35:06

I mean, when I left, Network 8 in Washington collapsed, like we lost everyone.

35:10

Holy shit.

ND - Lawrence FL 35:12

Like everyone that you talk to here with the Washington name is new. Like, it was, like me and John. I mean, even then, I'm the oldest member of Network 8 of the original one, you know, and I'm not even in it anymore. And I moved.

35:24

It's crazy, man.

ND - Lawrence FL 35:25

Yeah, like...

35:29

How many guys were in Washington when you first started?

ND - Lawrence FL 35:32

It was seven of us. In total. I was the seventh one to join them.

35:35

Holy shit, seven of you.

ND - Lawrence FL 35:37

Yeah, this is three years ago.

35:39

Man. That'd be crazy if i woulda joined with seven guys.

ND - Lawrence FL 35:44

Yeah, so anyway, I joined and man, alright. Have you seen like, old Patriot Front, like, just like, how it was.. were you guys aware?

35:55

Yeah, it was not pretty.

ND - Lawrence FL 35:56

Like, I wasn't there for when we were on Discord. But I joined right after the transition from Discord to RocketChat pretty much because, you know, when you type in the the server URL, it's PF 3618. It's 3618. Because March 6, 2018. So that's, yeah.

36:16

Wow.

ND - Lawrence FL 36:18

Anyway, um, I joined in June 2018. And so yeah, right after we just really started RocketChat but like, dude, it was like a totally different organization. Like it was like, me, Felix, Chad, Joe, Josh and Louis. So let's go through all the... let's go through the lineup. Oh, and Jake. I guess it was, I guess I was number eight. Come to think of it. So, Jake. Jake was a retarded skinhead. No, it's still seven, it's still seven. Yeah, yeah, seven. So Jake. Jake was a retarded skinhead by like, all metrics, like every five seconds he would tell racist jokes. He'd be throwing Romans constantly. Yeah, anyway, he just, he was just cringe. Lewis was like a weirdo. Maybe a closet homo. And just like, like, dude, this guy. Okay? I had to drive all the way up there to see him. Just so we could go sticker some parking lots and that was like a big deal. Actually not sticker. We didn't have stickers at the time. We had the big 11-by-8 sheets of paper posters we had to print out at OfficeMax and put up with staple guns and spray glue. You know, that was back in the day.

37:38

Wow.

ND - Lawrence FL 37:40

Yeah. And so Josh? Yo, Vincent, wanna say something?

37:46

I was gonna say can you get them back in. That's in my area.

ND - Lawrence FL 37:51

Trust me, you don't want Louis back. Trust me, you don't. And then there was Josh, Josh was, I still talk to him actually. But anyway, he's the only person I've met that's fedposted himself into a cell twice. Anyway, I'll let that lay as it is, that, that should be enough explanation. And then there was Chad. Chad was pretty solid. Really good guy. He was there up until the end of Network 8 actually, as it stood. And then there was Joe. Joe was a pothead. And like dude, we would go like, go on, you know, poster runs or sticker runs in Seattle. He just started lighting up a blunt afterwards, like right after he put up like "Reject Poison" stickers. Like, it was crazy. And then there was Felix who was like, the leader, you know, Felix was the [Network 8] Director at the time.

38:44

[Inaudible]

ND - Lawrence FL 38:45

Okay, here you go. So Felix, to give you reference, okay, here's how, here's how my interview went. So, I meet him at Safeway, it's a grocery store, we're hanging out at the front and you know, him and I are talking, he's like a bit overweight, but it's like whatever. And what we did for my interview, we sat there and we talked about you know, how he was going to help me put my AR-15 together if I were to ever get one.

39:08

Oh my god.

39:09

Fucking idiot.

ND - Lawrence FL 39:09

That was the interview, that was the interview, was to sit out in front of Safeway and talk about assembling, you know, milling out your own AR-15.

Ethan WA (Justin O'Leary) 39:20

That's like a fed's wet dream.

ND - Lawrence FL 39:24

I know, it was like, this is the director. This is the director of Network 8.

39:35

[Inaudible]

ND - Lawrence FL 39:37

And then, um, another thing, so, later on, throughout the, his time in the organization, he one time, here's a quote from him, it came through regarding his physical fitness. He said, yeah, it's okay. I'll just

be the one fat guy that doesn't work out. That was his opinion on when he when asked like, about improving his physique. I'll just be the fat guy in the group.

40:01

Oh my god.

ND - Lawrence FL 40:02

We went on a hike and like, he wore it, like a fashwave tendies t-shirt and he, like, conked out like, not even halfway up the hike. I mean, in all fairness, like, his life was like... he just had a kid, he had a new job as like an [inaudible] or whatever. And so like, it's like, he didn't really have any sleep, ever, on top is like bad, you know, physical shape to begin with. And so it was like, him being unable to do the hike was not all that surprising, but still. Anyway...

40:33

No excuse.

ND - Lawrence FL 40:35

Yeah. Either way, the whole thing was like such a mess. Like Network 8... And I remember we would meet up like once a month to go put up posters and do like our slash stickers that was it. In one location and then go home.

Alexander OR (Richard Flannery) 40:48

And not even like a banner drop?

ND - Lawrence FL 40:50

Nope. We did, we did actually one big action, and it was [inaudible] and it kind of crashed. Network 8 had kind of crashed. And it was just four of us. So Josh, he, he quit. Lewis, he quit because Josh quit, Jake quit because he got doxxed, unsurprisingly. And so then it was just the four of us. It was me, Chad, Joe, and Felix. And the one big great action we did is we distributed, like, 2000 pieces of promat in one night, we had em up, like, like, little flyers and baggies filled with rocks. We drove all around western Washington, tossed them in people's driveways. And we finished the night with 'er, we finished the action with the banner drop over the portal to Seattle, which is on, uh, I-95 going into Seattle from big major highway. We had a "communism, not here, not ever" banner that we put over the highway. It was really cool. That was our big action. So, but after that, we never really did anything bigger than that. But yeah, we also don't do that far back because maybe you know the baggies, in the driveways, because, like if you're taking your car out, you know, you get, people started getting doxxed from that, because like, all it takes one house with a security camera and they got you pretty much, which is exactly what happened to someone. Also I crashed my car that night. Someone crashed into me. That sucked. And then I had, had the car towed to my girlfriend's house and I was still in the middle of the action. I didn't go back to her place, you know, because like we'll do, she's like, you know, an hour or two hours away in Monroe. Like I'm not going to leave Seattle right now when we're in the middle of an action and they need me here. So that was really awkward. And I had my like, smashed car dumped in front of her parents' place for a couple days.

42:35

That's funny.

ND - Lawrence FL 42:36

It was so bad.

42:37

That's terrible man, that that's all you guys did. Last night, yesterday, we did six stencil locations, seven colleges.

ND - Lawrence FL 42:46

Fuckin... I mean, we hit probably like 25 different locations in the city. And I'm so sad man. Yeah, but, you know, we would get a guy then we'd lose a guy. It wasn't until this one guy came along. I really liked him. He was like, super solid. Ralph Washington. And I always thought we're gonna be like real good friends, you know. But sadly, you know, because of the state Network 8 he was in, he eventually got pissed off and he left me he was like, "Where are the National Socialist warriors. Like, this is a, this is bullshit. Like, you guys aren't actually doing anything. The group sucks." I was like, "Yeah, I have to agree with you. Like, this does suck, you know?" And he said, "I'm gonna do my own thing. But like, how about you and I do it?" and I was like, "Okay, well, what's your idea?" And he said, "alright, well, we're gonna have to meet up together at least once a week minimum." And I was like, "Well, I'm like a three hour drive from you. So I don't know about that, if that's gonna work. I'm at school full time." He's like, "Okay". Well, it didn't happen. But that stuck with me though. The one action a week thing. I took his advice. And I started doing that. Every week, I go out and I started just doing a sticker run, you know. I hit one spot, then I started doing two and three, you know, each week, doing a big chain, you know, and next thing you know, we, everyone started doing one action a week, and then it kind of like became a standard after that. You know, because of that one guy. Yeah, one action a week became, because I was also doing interviews, and we started asking that question. And everyone else started catching on like that idea of like, yeah, you need to get at least one thing done a week, or be like actively involved in some capacity. You know? And so, now one action a week is a standard in the organization, you know, because it just took one, you know, maybe it wasn't me. But like, I definitely kind of started coming when I started doing that and start spouting that idea off like, yeah, dude, like, you get one action in. You know.

44:40

I've been working on trying to get, uh, network meetings to be, [inaudible] mandatory once a week.

ND - Lawrence FL 44:49

Yep, I do the same thing, mandatory meetings once a week.

Alexander OR (Richard Flannery) 44:52

They should be, uh, re, I do regional meetings every single week but, uh, because Network 8 is having a meeting tomorrow I've just decided to parallel the two.

45:05

Sure. I mean, now Alexander, um, do you attend at the Network Eight meetings still, is that what you mean?

Alexander OR (Richard Flannery) 45:12

No, I'm gonna like, John's hosting some sort of meeting and he mentioned it in the Oregon regional chat. So I just decided not to do my normal Sunday meeting.

ND - Lawrence FL 45:25

All right, perfect. Yeah, I was gonna say yeah, you guys in Oregon, and everyone south of Centralia or however the network boundary is defined. Personally, I'd say everyone south of Centralia, is your, is Portland area. That's how, because like, Centralia is halfway between Tacoma, halfway between Portland. It puts Jack in a bit of a precarious situation, but he's in Network 8.

Alexander OR (Richard Flannery) 45:44

Yeah, I mean, I basically consider Jack and, is Don still in the...? I actually haven't talked to Don in a while, Don Washington. He said, Vincent, have you heard from him recently? I know. Yeah.

Ethan WA (Justin O'Leary) 45:57

He's not in our network.

Alexander OR (Richard Flannery) 46:00

Oh, he's not.

ND - Lawrence FL 46:01

He's in yours. But you haven't heard from him then no, I bet no one else has either. You know, you gotta reach out, I guess.

Alexander OR (Richard Flannery) 46:09

Okay, I guess I'll message him.

46:12

Alright, yeah, I gotta get out of here fellas. I'll see ya Lawrence. See you guys.

Alexander OR (Richard Flannery) 46:15

Nobody had told me that he was part of the Oregon regional.

ND - Lawrence FL 46:22

He's in the group chat, isn't he?

Alexander OR (Richard Flannery) 46:26

Actually, I don't, I don't know. I will check.

ND - Lawrence FL 46:31

Well I'm not in there. So I can't check for you. But he's in, he's in Vancouver. I'm pretty sure, isn't he?

Alexander OR (Richard Flannery) 46:38

Yeah, he is.

46:40

Yeah, I was gonna mention we did some Portland stuff yesterday.

46:43

And I thought about Don afterwards thinking, "Oh, we should have invited Don."

46:48

But I didn't think about that. Because he's not within our network. And I only thought about the Portland people.

ND - Lawrence FL 46:56

Yeah, that's fair. I mean, yeah, I remember them. Then John came along, like I was part of the organization for a year. And then he knew about it the whole time. But he kind of came on his own, you know, eventually, which is really good. Which turned out really well in our favor. Because since then, you know, he's been really committed, really into it. But I feel like had I like, pushed him beforehand, he wouldn't have turned out as good. So I'm glad we allowed him to do his thing, basically. And then he came along, and it was awesome. We had John and me and, you know, a couple other guys, had a really solid network for a while. And it was growing pretty big. And eventually, I decided I needed to leave Washington, you know, I needed to move out of this, you know, house, that was turning into a disaster house, and just go live with my parents for free. So I did, really suddenly. And there was always some tension between John and Chad, and the idea of changing leadership. And so I didn't really know what to do, because like, no matter what I did, it was going to end badly, you know, I could pick one but, like, neither at the time was suitable for the position of Director, I felt. And so my plan was kind of like, well, I'm going to sit back and let them fight over it and see who wins out on top. You know, who, who's the strong one, who's going to win? So I did, and they fought about it. They got really mad, they both got pretty mad at me. But John proved to be the stronger and that's why he's your director now. Because we were all banned by the way. All of us. Everyone in Network 8 got banned. But only John and I returned.

Alexander OR (Richard Flannery) 48:36

Yeah, I remember that. Yeah.

Ethan WA (Justin O'Leary) 48:41

Yeah, he was talking about that before.

Alexander OR (Richard Flannery) 48:43

That was a really interesting situation. Yeah, a lot of the ... sorry what?

ND - Lawrence FL 48:52

The prime organizers for getting everyone from Washington and Oregon, and Idaho over to Utah for the Salt Lake City demo all got banned all at once.

Alexander OR (Richard Flannery) 49:02

Yeah, yeah. Oh, man. David's not in here. Dang it. I wanted to ask what was the car ride like?

ND - Lawrence FL 49:14

Yeah, like John and George is the whole time talked like George Floyd. Oh, like "sheeit, sheeit, nigga, sheeit."

Alexander OR (Richard Flannery) 49:22

I remember the camp when when he got there. He was so tired of niggerspeak that, like any any person he heard speaking like that. He was like, "shut up. No niggerspeak."

ND - Lawrence FL 49:34

Hey, this is David. But like, god, I don't understand like, people like, it's like, man, I hate black people so much, let's spend all our time talking about them, about black people, like, dude, shut up, god, just, I don't want to look at them. I don't want to think about it. I don't want anything to do with them. Just, just, no. Wasn't the whole point of being, to being a white nationalist and doing these sorts of groups to get away from them?

Alexander OR (Richard Flannery) 49:56

Like yeah, exactly.

49:58

Well, [inaudible] the drive a little bit and he had said, I think that was the action where they got into an accident, didn't they, that they hit an animal along the way or maybe it was snowing the whole way so they had the drive 20 miles per hour or less.

Alexander OR (Richard Flannery) 50:12

Yeah, I thought it was an elk. It was a deer?

ND - Lawrence FL 50:15

An elk, something like that. But dude you fucking, what was his name? That one retard pagan guy. Not that being pagan made him retarded but he was retarded. He just happens to be pagan too, um, he was, um, fuck that guy. He was such a prick. Like, anyway, he was there and he was driving the thing and he decided not to get insurance because he didn't want to pay the extra \$20. And so he had to end up paying like thousands of dollars for the bumper [inaudible] wrecked. Such an idiot. Oh, Philip, Philip Washington, dude, screw that guy, never liked him. He was so unreliable, so annoying to deal with. God. I don't know why I didn't just delete him. But I mean, we deleted him eventually. Because like, he went to Salt Lake City and I met him and he seemed kind of okay, but like I just knew like [inaudible] dude, this guy's a massive prick, and he's unreliable as hell. So, yeah, screw him, glad he's gone, you guys don't have to suffer the unresponsive, unresponsiveness of the dreaded Philip Washington. Think very little. Oh, god, and Carter. Oh my god, dude, Carter Washington who lives like

kinda like close to John. He would be, when we were all kicked out, it'd be, it'd fall onto Carter because he was like, you know, responsive, and semi-reliable. It fell on to him to like, get people like, you know, kind of relay messages back and forth. And the day came for the trip, okay, you know, this guy did? He quit. He's like, "Oh my god, you guys aren't telling me the final location and I'm supposed to get all those people here and I'm like the acting director now". Like, "I can't do this. I'm so done. Just, Patriot Front's bad." I was like, oh my god, like, I never want to see that man again. I swear to God, like, he's absolute lowest on my list of people. Because like, the day of, we trust him to like, get people, and then people were going to go and they missed out because Carter screwed up. And he, you know, he screwed up the plan. And people missed out because of him. Like he dropped the ball. He went back on his word. He screwed other guys out of going to the action. And he quit on top of it. Like, yeah, terrible guy. Apparently John still sees him sometimes, he rides his ass with his truck and stuff like that. And just like harasses him on the road.

52:36

That sounds like something John does.

ND - Lawrence FL 52:40

Yeah, he just kinda harasses him on the road now whenever he sees him. But, but yeah.

Alexander OR (Richard Flannery) 52:48

That's that sigma grindset right there, man.

ND - Lawrence FL 52:51

Yeah, and this guy, okay. Like, dude, his brother was really weird too. Like his brother would always be at all our actions, but he could never, like he never became a real member. And he had like a bunch of weird shady stuff. He told me like, "hey, man, you want like a pallet of guns delivered to you? I can make it happen." I was like, okay, what? Anyway, they're both, screw them. And they're like, they're like, yeah, we were like ex-military special ops guys. I've got like, a master's degree. I was like, oh, that sounds kind of cool. And like, they're just retards. They're literally just both fat retards. That's the truth. And so the, thankfully they're gone. Anyway, this Network 8 exists now. Super solid. Super happy with all the guys we have here right now. I met all you guys at Mount Rainier. It was awesome, as it's so good to see that, you know, despite me not being there, it's taken off and it's doing, it's thriving. It's bigger than it ever has been. You know, one of the problems with Network 8 is it could never go past eight members at one time.

Ethan WA (Justin O'Leary) 53:47

Oh, we're back down to seven.

ND - Lawrence FL 53:50

Well. Oh, well. That's how it is. You know, eight. If you have eight super solid people. Like that's really all you need. Like we had four people and we were able to cover half the state in promat in one night. Like we start at 10 p.m. and finished at 8 in the morning with a big banner drop, so...

Alexander OR (Richard Flannery) 54:12

Dude...

ND - Lawrence FL 54:12

You guys are set.

Alexander OR (Richard Flannery) 54:13

I miss having a guy in the Salem area. I don't miss Andrew. But I mean, god, Norman is awesome. Like, I still talk to him a lot. I've done actions with him in Portland since he left but man, he needs to like, deal with that whole life situation that he's got going on. Because he misses doing activism. He's such a solid guy. And when it was like, just him and Leo up there in Portland, that was great. Portland was getting a lot more attention than it needed.

ND - Lawrence FL 54:54

My girlfriend was like that. Well, to be fair, I was kind of stupid with it, but she didn't care about it for like most of the two years we were together, but like, she got really butthurt about it when she had to take all my photos of me off her Instagram. And then I told her, yeah anyway, I wasn't allowed to just be on the internet at all. Because you know, girls are weird. Well, it's not that weird. They're just, they're just like that, okay, like, yeah.

Alexander OR (Richard Flannery) 55:19

Yeah, they like flaunting that they have a cool guy or an attractive person, whatever.

ND - Lawrence FL 55:25

Yeah. Like if you, if you were to get rid of Instagram likes, okay, women would go like, go nuts, like, because like, they build like that identity around like their Instagram persona.

Alexander OR (Richard Flannery) 55:36

Yeah, I mean, I mean, that's, we all know the reason why, but it's just, it, it won't be that way after we win. And [inaudible].

ND - Lawrence FL 55:47

Yeah, if I had my way there won't be an Instagram.

Alexander OR (Richard Flannery) 55:53

I kind of agree, dude.

ND - Lawrence FL 55:55

You'll have to actually be pretty in real life.

56:01

[Inaudible]

Alexander OR (Richard Flannery) 56:02

I, I managed like two Instagram pages for places that I worked at. And it was great. [Laughs] I loved it.

ND - Lawrence FL 56:11

But anyway, so that was a big problem for like, dude, she was like, crying, when she had to like, she couldn't do it. I had to delete the photos of me off her Instagram myself, but she refused to do it. It was like too hard for her. I remember that. She was so mad. But anyway, I was kind of stupid with my activism. Because I started doing the once a week thing. I just started doing several different parts of the town that, basically like did her neighborhood or like, bus stop that she'd always take to work. And people were like writing graffiti on there that's like, "fuck Patriot Front." And she's like, oh my god, that's like, they're attacking my boyfriend. That means they're attacking me, I'm unsafe, and he's an unsafe, he's a dangerous person, you know, dangerous to me. Which is true. Um. But anyway, it was like a super hostile, super, like, ultra liberal little town, you know, and like, she'd finally just made like, some new friends that I didn't really like all that much. And like, I didn't really have any friends at the time, like at all, I had, like, no friends. Because, I don't know, I just didn't. And so, anyway, eventually, like she didn't like really see activism as being useful time. Because, you know, because the network wasn't going anywhere. It sucked. Like, I was putting all this time and effort in for guys that would only half ass things and eventually quit. And you know, they just weren't getting any results. And I remember like, she's like, I think activism is dumb and it doesn't work. And I was like, wow, like, we're, we're basically over, you know, it wasn't officially over that day, but it was pretty much over.

Alexander OR (Richard Flannery) 57:42

Yeah.

ND - Lawrence FL 57:45

She's like, well, she doesn't support, you know, this idea that, you know, she doesn't support us having a future, she doesn't support me. And like, we had a myriad of other problems, too. But, anyway, I didn't leave her right then and there because it's like, ah, shit, you know, imagine going on living life with no pussy. I didn't want to think about that. And then eventually it fell apart. And then I had none. So that sucked for a long time. But, but no, but things are great after that, though. Yeah, sure. Like, you know, no more girlfriend, but things took off. It took off so much, okay? I think it was around that time John came. I don't remember. They came. No, he came in January. I remember now. He, his account was made in January. So he, right after that happened, John came around. And so then things like took off so much, like, we were doing activism everywhere. Like, we were in the news every week. They like built a statue in Ferndale, because we stickered it so many times. We were like, you know, just everywhere. Washington state, as claimed by, you know, one of the Antifa groups, is now a fascist stronghold. And it is, and it's stayed like that now, because you guys are here, and we keep making it that way. That's pretty awesome.

Alexander OR (Richard Flannery) 59:10

We're gonna have that with Oregon soon. I can feel it, man.

ND - Lawrence FL 59:14

Yes. I'd like to see a little more action on the Olympic Peninsula, Bremerton and things like that. You guys did a banner drop there recently, didn't you?

Ethan WA (Justin O'Leary) 59:24

Yeah, we got out there. We did one in uh, shoot, I forget, one was in Bremerton. And then the other one, I forget. It was by the pretty bridge.

ND - Lawrence FL 59:36

Silverdale, Gig Harbor, Port Townsend any of those names ring a bell?

Ethan WA (Justin O'Leary) 59:44

It's kind of like between Gig Harbor and Bremerton.

ND - Lawrence FL 59:48

Oh, Port Orchard?

Ethan WA (Justin O'Leary) 59:50

Yeah, kind of you know where the pretty bridge is right?

ND - Lawrence FL 59:54

I think so. The name rings a bell. I think that might be Port Prchard. I don't know.

Ethan WA (Justin O'Leary) 59:59

Yeah, basically.

ND - Lawrence FL 1:00:02

Good man, good to hear that, that's great.

Ethan WA (Justin O'Leary) 1:00:05

But those got torn down super quick.

ND - Lawrence FL 1:00:07

That's how it is.

Ethan WA (Justin O'Leary) 1:00:09

It seems like this, uh, Auburn one we did yesterday is like the longest lasting one so far because, uh, John tried to go and get, uh, footage of it or whatever. But the sun, like the way the sun set, you know, and westbound, like it was just shining through the banner and it was all washed out and shitty. And then I just had a feeling, so when I was about to go out and sticker this morning, I went by there first and it was still up and I got a little shot of it, so. [Baby crying in background]

ND - Lawrence FL 1:00:37

Nice. That's good to hear man. Oh, but anyway now she lives there now, so, if you're ever gonna, you ever want to go give my ex-girlfriend some hell, uh, go, go raid Bremerton for me. You know, I don't think she knows... she doesn't know anything about me. She doesn't know, like, because I, well, I'm blocked. She blocked me, actually. Because last time I talked to her, it was like a year ago now. And we'd already been apart for a year at the time. And so I messaged her on Instagram like hey, you

know, you want to like talk about everything that happened, like do an evaluation, like why it didn't work? And she can't take criticism. And I basically told her like, yeah, I, I think, like, you got a lot of problems. And she just got super mad like, as she always does. She took it super personally. And yeah, she blocked me but also it's like the best thing she ever did to me, or did for me. But I don't know anything about her. She doesn't know anything about me. So, she probably, if you do activism out there, she was probably gonna assume it's me. It goes yeah, she, she never got away. [Laughs] But the thing is that she'll never talk to me because if she does, she's like, she'll know that like the second she says anything, if I get in trouble, like, dude, her, like, she goes down the shitter too.

Alexander OR (Richard Flannery) 1:02:05

Yeah.

Ethan WA (Justin O'Leary) 1:02:07

The whole blackmail situation?

ND - Lawrence FL 1:02:09

Pretty much, unintentional [inaudible] the, one of the reasons she broke up, she's like, I [inaudible] because when we had that conversation about, she's like activism doesn't work. She's like, I'm not willing to commit social suicide for you. Or for this. I was like, damn, okay. Like, the opinions of like, people you've never met matter, so, and who don't care about you matters so much more than like, what we've got going, okay. Can't say I don't understand it. But like, it's always that, okay, when you get doxed, it's never from like, you're never gonna get, okay, you might get harassed by Antifa. You might get annoyed by journalists or whatever. But that doesn't hurt, you can brush it off. But it's always the people who are closest to you stab you in the back first. And that's what always hurts the most because you never see it coming. And I had that happen twice. First all my old friends all like, just ditched me. And then they all stab me in the back and then, you know, a year later, girlfriend does the same thing. Anyway, I'm better for it now. I'm better without them. She really did hold me back in a lot of ways. But [inaudible], I don't really want one. I don't really want a new girlfriend. And I see some of these other guys. you know, like that guy I got in Florida right now, he's like, he's just like me. He's got like, his first like, real girlfriend and like, it's like watching a train. It's like watching a car crash in slow motion. Like, remember that guy, Matthew Washington? Same thing, Just like me. Nothing you do can help him. You just gotta let him crash and burn and he'll figure it out. You know, just, just be ready to put all the pieces back together making something better. Well, anyway...

Alexander OR (Richard Flannery) 1:04:09

I mean, I miss being, uh, married.

1:04:15

Yeah, what happened with that?

Alexander OR (Richard Flannery) 1:04:16

Uh, she's infertile. So we got a divorce.

ND - Lawrence FL 1:04:23

That's a shame. I'm sorry to hear that man.

Alexander OR (Richard Flannery) 1:04:26

Yeah, it was only like, uh, like, three days before the Mount Rainier hike.

ND - Lawrence FL 1:04:35

Oh, wow.

Alexander OR (Richard Flannery) 1:04:36

Yeah.

1:04:37

Wow, I'm really sorry to hear that.

Alexander OR (Richard Flannery) 1:04:39

Oh, it's all good man.

ND - Lawrence FL 1:04:51

How long were you with her?

Alexander OR (Richard Flannery) 1:04:57

Almost three years.

1:05:00

Ah, that's a shame.

Alexander OR (Richard Flannery) 1:05:03

Yeah it was great, like, okay, I don't do activism with unaffiliates, but she's the only person I ever did activism with because she was so freakin pumped for it. Like, oh my god, dude. She loved just going out there and stickering, um, just taking the pictures for me, ah, man.

Ethan WA (Justin O'Leary) 1:05:39

That's funny.

ND - Lawrence FL 1:05:42

Yeah, well, I took my ex-girlfriend to sticker once. She didn't really like it, though, but I think that's part of the reason why she won't dox me. Because like, if she says anything, it's like, well, you, to be fair, you did white supremacist activism too at one point, you know, so. So, I mean, that's what I'm telling these guys, like, you don't tell these girlfriends about Patriot Front, but if you do, and they try and take you down, make sure you bring them down with you. Because like, you can get doxed okay, like as a man, you can get doxed and you can come back or you can be ostracized and outcast. Women can't, like, women, like, that's where they fall into like, these traps, like prostitution. And, you know, they fall for like pimps and things like that. Because like, at least the pimp is like, kind of takes care of them,

accepts them. They just, they just can't handle it like men can. You know, to be rejected by the group like that. They really just it is death for them. It's worse than death.

Ethan WA (Justin O'Leary) 1:06:43

If I got doxed, I don't think my immediate family would really even be like, surprised.

ND - Lawrence FL 1:06:48

My family wouldn't either.

Ethan WA (Justin O'Leary) 1:06:50

[Inaudible] the shit I talk about...

ND - Lawrence FL 1:06:55

Like, Alex, um, is your [inaudible] like, well, I mean, it's already done. I guess. So. You're already made your decision.

Ethan WA (Justin O'Leary) 1:07:02

I probably wouldn't be invited to Thanksgiving and Christmas anymore.

Alexander OR (Richard Flannery) 1:07:07

Actually, I did not make the decision. Oh really? Yeah. Oh, yeah. Like...

ND - Lawrence FL 1:07:25

I was gonna say, like, you know maybe you could, like adopt a kid.

Alexander OR (Richard Flannery) 1:07:27

I don't, I don't believe in adoption personally. It's, it's, I, adoption's good, yes. But I believe in having about 12 of my own kids that are mine, genetically speaking. Because I, my line will die with me if I don't have kids. That's it. Like my parents, like, they only had me and my sister and my sister's never going to get married or anything like that.

ND - Lawrence FL 1:08:07

No. Maybe it'll be like, no, I mean, like I said, it's already done, but like, nah, do you, do, you probably don't want to hear it. But, it's already hard enough as it is.

Alexander OR (Richard Flannery) 1:08:20

We'd already been discussing it for like a few weeks before the decision was finalized. So, I mean, I contemplated a lot of different things. But I'm not willing to budge on my moral convictions nor was she. So, we were at an impasse.

ND - Lawrence FL 1:08:40

Yeah. I was gonna say you could make it, like, a concubine, but I don't know. They've always had concubines in the past, you know, just like [inaudible].

Alexander OR (Richard Flannery) 1:08:56

Oh, okay. Like I said, we talked about every option. It's, yeah.

ND - Lawrence FL 1:09:04

Yeah, well that's, that sucks a lot man. I'm really sorry to hear that.

Alexander OR (Richard Flannery) 1:09:11

Thank you. I do, I do appreciate it. I don't like to dwell on it. I try and focus a lot of my energy. Well, one I'm working constantly and then I get off work, I start work again. Yeah. But you know, I love both my jobs, so. And then I have to deal with like a whole moving situation and trying to somehow balance my own personal faith in there. Which means I'm busy all the time.

ND - Lawrence FL 1:09:50

That's fair, man. Well, I don't remember where I heard this, you know, it being like, super opti, I think it was in that one book, like a, anyway, it's about breaking addictions. But anyways, like that, being super optimistic, you know, it's like, if you don't get what you want in life, you know, just know that you're gonna get something better later on. Is kinda how you have to look at it. You know? I like that way of thinking about things. Dude, I remember, like, I was on the beach this one time and like there was this girl with this like, fucking massive rack and I wanted to go talk to her and then like this Boomer neighbor kept talking to me and then she eventually left. Like, I'm like fuck, dude, this guy totally cockblocked me with like Boomer questions and I was going to get to talk to the big rack. It sucked so hard. But, as I tell myself, well, what she may have been like, had, like, she may have been big rack, but you know what, like, she wasn't that tall anyway. So maybe the, obviously I'll get something better later on.

Alexander OR (Richard Flannery) 1:11:00

But well, I mean, physically speaking, the perfect woman will never exist in life. You know, imperfections will always exist. It's better, especially when it comes to ideology. Most most good women out there won't start off as, as a white nationalist. They're very far and few in between and the ones that are white nationalists, they, they get swept up pretty quickly.

ND - Lawrence FL 1:11:33

Or they're crazy.

Alexander OR (Richard Flannery) 1:11:34

Boy, yeah, that's also another one.

Ethan WA (Justin O'Leary) 1:11:37

You're making my wife laugh in here.

ND - Lawrence FL 1:11:41

Well, that's the thing, like women who are like, on their own, okay, like typically women don't care about politics, you know? Yeah, and if they do, it's like, it's like, some frenzied, super popular thing that they latch on to because it takes absolutely no risk. It's, you know, it's basically virtue signaling, it's popular idea, they latch on to the winning idea, when there's a woman who's all alone, and she latches on to

what is essentially an unpopular idea. A dangerous idea. That's not normal. That's really concerning. There's something going on here. kSo, but if like, she, her husband is like, believes that, then yeah, it makes sense for her to believe it too. Because that's what they do. Like, I mean, I remember one of the gripes my girlfriend had was like, she's like, you made me racist and blah blah blah and hateful. And I was like, yeah, kind of, like that was kind of inevitable, but honestly, like the the hateful like, raging bitch part, that could have been avoided if I hadn't been like, such a, you know, blackpilled like, faggot a lot of the time. So, it did suck. It did suck to make her into that, you know, she was a really nice sweet girl and I just kind of ruined her with my own bullshit. And I regret, uh, I don't know if I regret it, but it's nothing really to regret, but I don't like that's how it went. But anyway, I'm glad I talked to her cause I took all her advice, and I went with it, and I've been far better since then. Yeah.

Alexander OR (Richard Flannery) 1:13:11

On an unrelated note, so like a few months ago, Frederick Oregon put up a bunch of stickers in Bend, like over, I think over a couple hundred, they still keep finding them. And they think that we're just really really active there. It's hilarious.

ND - Lawrence FL 1:13:30

I don't know if Walter's ever sending these in. But he'll post them in the Oregon regional chat. I don't know why he's still, oh now I know why he's in there. It's for advice reasons. Oh, good.

Alexander OR (Richard Flannery) 1:13:43

But he posts them and it's absolutely hilarious seeing these fucking leftist spergs on Twitter be like, "Oh my God, these Patriot Front guys. They're in Bend." And then I put up four stickers in Corvallis. Andrew Oregon has the pictures of those so I didn't get to upload them. But they, they found those immediately. And they immediately Twitter posted about it. It's hilarious, like Corvallis is like the, basically the stronghold of Antifa in northern Oregon, surprisingly enough, it's not Portland. Most of their stuff is coordinated down there. Just because, well it's, one, it's like, a roughly an hour and a half-ish. So it's not that far. But it's also a very, very isolated traditionally northern Oregon college town and very liberal college town, I might add.

ND - Lawrence FL 1:14:49

It's not like northwestern Portland?

Alexander OR (Richard Flannery) 1:14:54

If you know where Salem's at, its southwest of Salem.

ND - Lawrence FL 1:14:59

Okay yeah there it is. Interesting. They're all set in Corvallis, yeah awesome dude, let's, let's hit him at home. So to speak of which there's a, in Bremerton there's a punk venue called the Charleston. And we would always like walk past it, "better dead than red" stickers and put them on their door and do dabs as we walked by so we'd get that on the security camera, us dabbing and stickering their place.

Alexander OR (Richard Flannery) 1:15:28

The thing, okay, the thing about doing activism in Salem and certain parts of Corvallis, just because I've done it in both those town, you have to be really careful around the main streets of, of Salem. Because most of the businesses there are BIPOC. And all of them tend to only hire leftist, uh, leftist people. So they're all in the, in the channels. The Rose City, I think is what that one's called. I can't remember. I, yeah, I get the names all jumbled up because each chapter has some gay sounding name. And then they all use dumb gay fake names. If you know anyone in ant-, and I knew a guy named Raccoon. Literally, his name was Raccoon. That was his fake name. I don't get it but whatever. It's a cool name. But you know, it sounds more normal if I'm like, hey, Ethan. Or you're like, Hey, Alex. It's like, Hey, Fox Trot. Or hey, Raccoon. It just sounds really dumb.

ND - Lawrence FL 1:16:44

Isn't that something they do too? Don't they like tend to adopt names like, like Dirt Stain like Mustard Gas, Dirt Stains.

Alexander OR (Richard Flannery) 1:16:52

Yeah, some chapters... a New York City Chapter did that for a while. Yeah. But this one cafe in Salem, Norman Oregon, got a picture of the behind. Obviously, if you've ever interacted with Norman, when he was in the organization, he is really, really good about not being identifiable. He's a great gray man. if you've ever done activism with him, that's why I miss him so much. They got a picture of him. They could not identify him at all. It was great.

1:17:30

Based.

ND - Lawrence FL 1:17:31

I'm a better grey man in Washington. Florida, I feel like I stick out a lot. So I need to change my outfit too, I think.

Alexander OR (Richard Flannery) 1:17:38

Man, in just my day to day life outside of activism I do like to wear a Hawaiian t-shirt. So maybe I'd fit in down there.

ND - Lawrence FL 1:17:47

No one really wears Hawaiian shirts. Maybe they do. I don't know. Just maybe.

Alexander OR (Richard Flannery) 1:17:52

I mean, look, if you're the kind of guy that wears a Hawaiian t-shirt, you notice, it's like, I also, you know, I wear a cowboy hat. That's not even a Thomas LARP, I've just always liked cowboy hats. So like the first thing I ever noticed about Thomas was the hat. Just because, you know?

ND - Lawrence FL 1:18:13

That was the first thing I saw when I saw Thomas. I was in a van. We drove from Atlanta to DC and like, one day, well, we drove from Vero Beach, Florida to DC in one day. And I remember I was like, I had like half an hour of sleep. And I was in this van, and I kind of looked out the window through my

like, crusted over eyes and I was like exhausted and I saw Thomas's hat walking towards the van. I was like "T-...it's him! T-T-Thomas!"

1:18:38

[Laughs]

ND - Lawrence FL 1:18:38

That was so bizarre, yeah. What a time.

Alexander OR (Richard Flannery) 1:18:46

Dude, does he have a beard now? I have not seen him since Salt Lake.

ND - Lawrence FL 1:18:49

Yeah he does.

Alexander OR (Richard Flannery) 1:18:49

Like, oh my god, that's based.
