

# 2021-11-14 PNW Mumble

These recordings were taken by an anonymous source inside of Patriot Front during August to December 2021. Unicorn Riot has produced transcript PDFs, MP3s and videos from this set of recordings. The transcripts and the Mp3s use the same set of timecodes. The main report on our website uses separate timecodes that match our videos, which are lightly edited to remove silence, with an additional introduction and credits.

The .mp3 files (as opposed to slightly shortened videos) represent the uncut documentation of these Patriot Front voice meetings. These uncut audio files have been altered as little as possible in the interests of source protection.

## **Accuracy of transcripts and speaker identities**

Unicorn Riot has done our best to compile transcripts with the most accurate time stamps and speaker identifications possible. Due to the combination of machine transcription and extensive human labor, there may be occasional errors in speaker IDs indicated in transcripts. but we are confident that the vast majority of the speaker IDs and content are correct. Some transcript timestamps are incorrect due to unavoidable issues with using machine transcription at scale, however, the majority are accurate.

Please note that these recordings may include Patriot Front members whose voices were not identified by us. When we were unsure about a speaker's identity we have left that line in the transcript without an assigned name, which machine transcription services usually tag as 'Unknown'. Many Patriot Front members have been identified by researchers, activists and journalists by linking multiple pieces of evidence to online personas.

## **SPEAKERS**

Ethan WA (Justin O'Leary), ND - John WA (Colton Brown), Clarke WA (Jacob Sundt), Jack WA (Matthew Clement), Frederick OR (Lawrence Norman), Tyler WA (James Johnson), Alexander OR (Richard Flannery), Walter ID

### **ND - John WA (Colton Brown) 00:12**

By the jail cell in a bucket, there's this book and the book is Conjure Bow and actually does more damage than any of the bows in the game except for maybe like a select few. So it did more damage than my stuff character. So I started using Conjure Bow as a, as a mage, and as a mage assassin, so I use like, destruction spells and I also use the bow too. So like, I basically just focused on only magic. Yeah, I did use a lot of the Conjure Bow. It's fun. It's a good spell.

### **Jack WA (Matthew Clement) 00:49**

It is. Actually, thinking about like, my ideal, like, to go back to an earlier, earlier conversation, a Jeffersonian network, which is something me and Frederick have both talked about extensively.

**Alexander OR (Richard Flannery) 01:07**

I would like ideally the borders to be from like Redding up to about Eugene, because those are both a two hour difference from like Medford, Oregon. That way everyone's...

**ND - John WA (Colton Brown) 01:22**

How far is Redding from Medford?

**Alexander OR (Richard Flannery) 01:24**

Two hours.

**ND - John WA (Colton Brown) 01:25**

Why haven't you been doing activism in Redding?

**Jack WA (Matthew Clement) 01:29**

Because I was focusing on the state of Oregon because the numbers are extremely down and I don't like seeing that.

**Alexander OR (Richard Flannery) 01:35**

I don't like seeing the numbers down in my own state even, even if I live on the border.

**ND - John WA (Colton Brown) 01:41**

Well same with, California needs work too man, it's...

**Alexander OR (Richard Flannery) 01:44**

It does and that's why I went down to Sacramento and did a whole bunch of stuff.

**Jack WA (Matthew Clement) 01:55**

You went down to Sacramento? Nice.

**Alexander OR (Richard Flannery) 01:57**

Yeah, I, uh, interviewed a guy, did a banner drop, did a stencil run, did a sticker run. Planned future activism which is turning out to look good, yeah. Yeah. Got super, super awesome things coming up in California in the future.

**Jack WA (Matthew Clement) 02:17**

I like to hear it.

02:28

It seems like California has a lot of people I'd be surprised if, if they aren't a network soon.

**Alexander OR (Richard Flannery) 02:34**

It's a big state.

**ND - John WA (Colton Brown) 02:38**

They'll get enough guys and then the guys will like move because like, their only goal is to get out of California.

**Jack WA (Matthew Clement) 02:43**

Yeah, that's, that's the problem with, with having, having guys who think like us in a state like California.

**Alexander OR (Richard Flannery) 02:51**

I left California for example. You become, you become aware of how screwed up things in, in the nation are getting. And all the anti-white narrative and all of the policies that are being implemented in the state of California. And you're like, okay, I gotta get out. I don't care where I go. I gotta go.

03:22

[inaudible] I wouldn't want to live in California.

**Alexander OR (Richard Flannery) 03:24**

Yeah, it sucks, man. I've lived in NorCal and SoCal. It's, it's not fun. It's like, I know a lot of people who live in, on Long Island and like, all they want to do is leave. And I don't blame them. New York sucks.

03:59

How's it going the rest of you guys? What's up, John? How's it going Vincent? How's it going Alexander? Good evening to all of you.

**ND - John WA (Colton Brown) 04:05**

Jack, who'd you pick for your first Pokemon starter?

**Jack WA (Matthew Clement) 04:10**

My very first Pokemon? I don't know. Bulbasaur I think.

**ND - John WA (Colton Brown) 04:19**

Is that true?

**Jack WA (Matthew Clement) 04:23**

Is that what?

**ND - John WA (Colton Brown) 04:30**

Is that true?

**Jack WA (Matthew Clement) 04:33**

I believe so, yes. If I recall. I think Pokemon came out when I was like, nine years old.

**ND - John WA (Colton Brown) 04:38**

Would you say Bulbasaur is the best Pokemon?

04:51

I was always Squirtle.

**Alexander OR (Richard Flannery) 04:56**

God, you, we're all nerds.

**ND - John WA (Colton Brown) 04:59**

I just got a version of Pokemon Leafgreen that I'm replaying and I picked Charmander because my last play through Pokemon Fire Red I picked Bulbasaur. I never once have ever picked Squirtle, I don't know why. Never have.

**Jack WA (Matthew Clement) 05:27**

I had a girlfriend in high school that liked that character. Thought it was cute.

**ND - John WA (Colton Brown) 05:40**

Blastoise is cool, but, like, I don't know, I just really liked Vaporeon as a water type, so I just never, or Gyrados, so I just never really picked Blastoise, you know? But then like, when gen three came out I was all about picking Mudkip and I'd have like, Swamper which is my first level 100 Pokemon I remember. That thing kicks ass, but as soon as a blade of grass touches it he like, he fucking dies so fast because he's a water ground type with like, somewhat low special defense. But all of his other stats are extremely bulky, like, he's like, a great Pokemon.

06:24

Water types I love, I love Blastoise just because the idea of this giant turtle with a, with cannons on it, was cool.

06:31

But water types always bothered me the most because you can imagine something spewing fire and you can imagine something growing leaves and throwing leaves.

**Jack WA (Matthew Clement) 06:39**

But the idea of all that water coming from, from like where's that water come from? There's, when you're doing surf?

06:46

Like how, how's that turtle store all the water for all the moves that it has?

**ND - John WA (Colton Brown) 06:52**

Right, but it also to me it was like, how does the water yield damage? You know, I mean maybe if it's like, super high pressure like, like a fire hose, that makes sense, but on like, water gun, a little bit of water, and then also [inaudible] face, I'm like, what, what, what is that [inaudible] how that works?

**Alexander OR (Richard Flannery) 07:20**

Do you guys play Magic the Gathering?

**ND - John WA (Colton Brown) 07:22**

Yeah, I got into it in high school. I'm a \$500 [inaudible] deck.

**Alexander OR (Richard Flannery) 07:28**

You're so poor.

**ND - John WA (Colton Brown) 07:31**

No, I just literally like spent a whole paycheck.

**Jack WA (Matthew Clement) 07:36**

I've probably, when, when I was really into it, I probably spent over like two grand on, on Magic. Like, oh...

**ND - John WA (Colton Brown) 07:49**

I've seen some people's collections dude, it gets, really gets disgusting.

**Jack WA (Matthew Clement) 07:55**

I had a, I had a giant box of like, all of my old commander decks and just spare cards, but I think someone stole it. I cannot find it for the life of me.

**Alexander OR (Richard Flannery) 08:09**

So I wanted to get back into it. But also my local game store is extremely gay.

**ND - John WA (Colton Brown) 08:19**

Why?

**Alexander OR (Richard Flannery) 08:22**

No, like literally, literally, the owner is a fag. He's a mixed race fag, and has a bunch of pride flags and BLM shit inside the, inside the building. Not on the windows, but inside the building.

**ND - John WA (Colton Brown) 08:36**

So it's like everywhere else.

**Alexander OR (Richard Flannery) 08:38**

Yeah, I think, I think it's just retarded.

**ND - John WA (Colton Brown) 08:41**

There's a card shop in Auburn that's pretty cool. And like I'm, like there's like degenerates that go there and stuff because like, nerds are attracted to tabletop gaming, but they've never had any, like, BLM or gay or anything. It's like, a rather, just a, just a card shop. No, there's no extra bullshit.

**Alexander OR (Richard Flannery) 09:02**

That's kind of why like, I want to get into Warhammer 40k dude.

**ND - John WA (Colton Brown) 09:06**

They got Warhammer stuff too.

**Alexander OR (Richard Flannery) 09:08**

Yeah, but like, every every game table I've ever seen, all of the dudes outside are, uh, our guys. And also like, there's a surprising amount of people in this organization that play 40k, so that just makes me drawn to it. I don't know.

09:28

I got a couple Magic decks.

**Alexander OR (Richard Flannery) 09:30**

Are they like actual EDH decks? Or are they 60 cards standard decks?

09:38

I think they're the ones that are more than 60 cards.

**ND - John WA (Colton Brown) 09:41**

Commander deck?

09:46

Yeah, I think so.

**Alexander OR (Richard Flannery) 09:47**

Yeah, Commander is 100 cards, but one is your, your commander. So 99 technically.

09:56

I've only played with them like twice because I don't have anybody to play with me with them.

**Jack WA (Matthew Clement) 10:01**

Used to be able to find lots of people who will play with you up over where you live.

10:11

Yeah, I don't know where I would seek that out.

**Alexander OR (Richard Flannery) 10:15**

There's a lot of game stores in Portland.

10:20

Fuck that.

**Jack WA (Matthew Clement) 10:25**

Anyone else go to Anime Con in Portland last week bro?

**ND - John WA (Colton Brown) 10:29**

I would have gone if I knew.

**Alexander OR (Richard Flannery) 10:32**

Oh, dude, I, I am friends with someone who, who cosplays and they flew all the way over to Portland just to cosplay [inaudible] which is apparently some vocaloid character.

**Clarke WA (Jacob Sundt) 10:57**

Yeah, I know what you're talking about.

**Alexander OR (Richard Flannery) 10:59**

I only just recently learned what vocaloid is. It sounds weird.

11:10

The only good anime is Dragon Ball the original.

**ND - John WA (Colton Brown) 11:16**

My Hero Academia and Attack on Titan are really good. Attack on Titan has like, this fascist racial story about these, these people who are, you know, subjugated against, and they're basically, they're basically Aryans, honestly, who fight Jews.

**Jack WA (Matthew Clement) 11:36**

Their leader's a blond haired blue-eyed dude.

**ND - John WA (Colton Brown) 11:39**

Yeah. And like, all the characters are like, literally Aryan Chads. There's like, only one non-white in the like, whole anime and she's a, she's a hapa, so, you know, whatever, it's pretty interesting. Anywho, I'm gonna go piss really quick, let's all hop down to meeting room number four. All right, and y'all wrangle everyone who's not here? Message them, call them on Telegram, whatever, we have a weekend next weekend hosted by Tyler who of all people should be here right now. So get a hold of all them while I use the bathroom real quick. 'Kay cool, thanks bye.

**Clarke WA (Jacob Sundt) 12:35**

Tyler said he's gonna be five minutes late in the Network 8 chat, so I'm assuming that's where he is.

12:41

Hope that John mutes himself when he pisses because Alexander hates that.

**Alexander OR (Richard Flannery) 12:46**

Yeah, yeah, I do!

12:51

[Inaudible]

**Alexander OR (Richard Flannery) 12:51**

I'll never forget either.

12:59

Oh, by the way, Alexander I sent Frederick back with that chili, I don't know if you knew that.

**Alexander OR (Richard Flannery) 13:04**

Son of a bitch, he saw me last week and didn't give me any. I'm so livid now. Just kidding. But thank you for telling me, I'll remind him when I when I see him tomorrow.

13:24

I figure that chili's got a long way to go, but it'll eventually make its way to you.

**Jack WA (Matthew Clement) 13:30**

I don't know, I might drop it off in Southern California first.

13:37

This is a lot of work to get like six cans of chili.

13:42

Oh trust me, it's more than 6.

13:46

It's like 10 to be honest with you, maybe 12.

**Clarke WA (Jacob Sundt) 13:50**

Excuse me, uh, my bad.

13:53

All I'm hearing is it's still one night's of food.

**ND - John WA (Colton Brown) 14:08**

Alright, I, I'm back.

**Clarke WA (Jacob Sundt) 14:21**

According to Tyler he should be here any second but I'm not sure where Ethan is.

14:28

Hey, Clarke, I got it all fixed up by the way, the frickin', the house I was showing you pictures of. My god, what a disaster, man.

**Clarke WA (Jacob Sundt) 14:37**

Oh you got it all fixed up? Or is it just not getting any worse?

14:44

Yeah, it's not getting any worse. I'm going home right now and I gotta make sure that it won't flood my tenants apartment [inaudible] want to take a shower.

**Clarke WA (Jacob Sundt) 14:56**

That is quite the situation.

**Jack WA (Matthew Clement) 15:01**

I know, I woke up and my lawn, my yard...well I woke up, turned on my sink and I'm like "how come I don't have any water?" I look at my backyard and it's flooded my fuckin, my water main is broke.

**Clarke WA (Jacob Sundt) 15:12**

Busy day.

15:21

The, the previous owners or someone down the line had planted trees like a row of trees directly on the, on top of waterline, so I assume it's the roots of the trees have fucked it up.

**Clarke WA (Jacob Sundt) 15:35**

Oh, that's clever, you know I wouldn't have thought of doing that myself but what do I know?

**Jack WA (Matthew Clement) 15:45**

Clearly you aren't a Mexican renter.

15:53

Viva La Mexico!

**Clarke WA (Jacob Sundt) 15:57**

Maybe it'll just remind them of home. Maybe they'll like it.

**Jack WA (Matthew Clement) 16:04**

I don't know, when I bought the house he was so proud. He's like, "I planted all these trees myself." I was like, why would you do that? You planted way too many trees in this small of a yard. You've seen my yard. You planted all these trees, it's just gonna mess up the foundation and everything else in like 15 years and here I am like 8 years later with water line problems already. Anyway, I'm not trying to hold up the meeting, I'm sorry.

**ND - John WA (Colton Brown) 16:31**

You're not holding up the meeting. The people we're waiting for are holding it up.

**Clarke WA (Jacob Sundt) 16:37**

I have 20 more minutes before I have to go back and clock on.

**ND - John WA (Colton Brown) 16:51**

You need a different job.

**Tyler WA (James Johnson) 16:57**

I've been looking into it, looking into like transfers and stuff like that again. It's just hard because I can't find...

**Alexander OR (Richard Flannery) 17:07**

Hey Clarke.

**Clarke WA (Jacob Sundt) 17:08**

Yeah.

**Alexander OR (Richard Flannery) 17:09**

You should start a hate fishing boat with me. Let's all just start a fishing boat.

**Clarke WA (Jacob Sundt) 17:17**

Hateful Fishing Tours, LLC.

**Jack WA (Matthew Clement) 17:20**

Oh no I meant commercial fishing, but yes.

**Clarke WA (Jacob Sundt) 17:24**

Oh sick, I'd be down.

17:28

You can start fishing for pike minnows so we can sell them to Columbia County, yeah the Columbia River Fish and Wildlife thing.

**Jack WA (Matthew Clement) 17:37**

Dude no, squid fishing is so much more worth it man. Drive down, sail down to like the Catalina Islands. Do some tuna fishing when tuna's in season.

**Alexander OR (Richard Flannery) 17:47**

They make so much money. But it's such a narrow window of time, you're up for like, you know, 36 hours.

**Clarke WA (Jacob Sundt) 18:01**

I've done, I can be awake for 36 hours. Okay based.

18:07

I can't.

**Alexander OR (Richard Flannery) 18:10**

Drink enough Bangs or yerba mates and you will.

18:13

36 hours in a row?

**Alexander OR (Richard Flannery) 18:16**

Yeah.

18:19

Being on a boat. So 36 hours of, I am assuming it's pretty hard work.

**Jack WA (Matthew Clement) 18:26**

It is really laborious work. But there does happen to end up being some downtime.

**ND - John WA (Colton Brown) 18:34**

Give me a Bang. Only one.

**Alexander OR (Richard Flannery) 18:39**

Just one Bang.

**ND - John WA (Colton Brown) 18:40**

Just one.

**Alexander OR (Richard Flannery) 18:41**

Network Director John WA.

18:43

[Inaudible] during that time, and then plunder everybody else's haul. That would be good...

**Alexander OR (Richard Flannery) 18:48**

What are you, a Chinese fishing vessel? Fucking Chinaman!

18:52

[Racist imitation of Chinese speech]

**ND - John WA (Colton Brown) 18:53**

He's got a point.

**Alexander OR (Richard Flannery) 18:57**

That's a lot less than 36 hours of work.

**ND - John WA (Colton Brown) 19:02**

That guy here always wants to seize the means of production.

19:07

Pretty based.

19:08

Someone's always talking about getting a pirate ship right? Who's, who's talking about that?

**ND - John WA (Colton Brown) 19:13**

Probably Jack.

19:18

Hey I need to talk to somebody. I was just talking to some of the guys...

**Clarke WA (Jacob Sundt) 19:24**

I think that was me.

**Jack WA (Matthew Clement) 19:25**

...about land piracy.

**Alexander OR (Richard Flannery) 19:27**

Can, can we just get like, the hate bus and, and we like...

**ND - John WA (Colton Brown) 19:30**

I believe that's theft, Jack and that's illegal. We don't participate in illegal activities. Sorry to burst your bubble.

19:38

Legally acquired. No, that's fine.

**Clarke WA (Jacob Sundt) 19:42**

We're going to legally borrowing. [Inaudible] I've got other ideas.

**ND - John WA (Colton Brown) 19:58**

Who else are we missing? Frederick? Where's Frederick?

**Jack WA (Matthew Clement) 20:01**

I messaged him like 100 times.

**ND - John WA (Colton Brown) 20:03**

Did you try calling him?

20:11

[inaudible] John.

**Clarke WA (Jacob Sundt) 20:11**

[inaudible] like the Patriot Pirate idea though. I think we should invest in this one.

**ND - John WA (Colton Brown) 20:48**

Oh, there's Tyler.

**Clarke WA (Jacob Sundt) 20:49**

The Patriot Pirates.

**ND - John WA (Colton Brown) 20:50**

There we go. I think that's everyone. Ethan's here as well. Only person we're missing is Walter...

21:00

Whatever happened to Don Washington? I think he was around for like a week.

**ND - John WA (Colton Brown) 21:04**

He wasn't responding so I had him removed. I didn't like his name anyways. Don WA? That sounds too much like John WA. Can't have it.

**Jack WA (Matthew Clement) 21:20**

Bro I did the interview on him. He was Okay.

**ND - John WA (Colton Brown) 21:24**

Well, he wasn't fucking replying or doing anything. You can't just have someone sitting around for a month not doing anything, you know?

**Jack WA (Matthew Clement) 21:30**

Yeah, like, he had that surgery and then, he was back for like a couple of days. Didn't do activism. But he talked and then he just disappeared. Damn.

**ND - John WA (Colton Brown) 21:48**

I don't know. Good news, though. Andrew Oregon, reapplied, he has been rehabilitated and we are re-accepting.

**Jack WA (Matthew Clement) 22:02**

Okay, well, I'm joining VolkFront.

**ND - John WA (Colton Brown) 22:07**

I'm just kidding. Not trying to get Atomwaffened.

**Jack WA (Matthew Clement) 22:10**

Oh. Oh, what? We don't all want to have gay sex with a Mexican tranny?

**ND - John WA (Colton Brown) 22:16**

Wait, what?

**Alexander OR (Richard Flannery) 22:18**

Okay. I'll send you the article later after we're done here.

**ND - John WA (Colton Brown) 22:21**

Oh, no.

22:23

Yeah. It's a good one.

**Alexander OR (Richard Flannery) 22:24**

Yeah, it, it's real good.

**ND - John WA (Colton Brown) 22:26**

About him? Okay, oh. We got a meeting to discuss. We can go over that later. Alright. So thank you, everyone, for, for being here today. Very cool attendance. Alright, I'm gonna go over first, week debrief. I don't, I don't know what all got done across the board for everyone. I kind of had plans this weekend. But I didn't really follow through with them. My apologies. It's been a brutal work week. And then we were kind of busy all last weekend. And I was like, I don't really want to plan anything big for this weekend. However, last minute, went out Saturday night to go scout a couple big, big, big action locations. And so, we scouted those out for a little bit. And I kind of checked them out and deliberated whether or not we could or should do them. And then Ethan and Clarke and I stencilled up the walls across the street from the city hall in downtown Seattle. And with some, with some of the big banner stencils, the URL ones and that was across the street from their big Black Lives Matter mural that they see outside their front office window in the city hall. So I'm sure that those people are going to enjoy that if that's still up by tomorrow morning when they go to work. However, I have a feeling it already got taken care of. And then after that, we headed over to Capitol Hill. And we went to the CHAZ zone, right? Yeah. Capitol Hill Autonomous Zone. And it was absolutely popping, super busy night. Tons of good, all the gay bars are out open. There was antifa dressed and all black with like sentries posted around the neighborhood like on their little Nazi watch. And we managed to stencil around the whole entire neighborhood with, I want to say 15 or so stencils, right under their noses and, and got some massive butthurt out of them on Twitter. And I'm sure in all their Telegram chats they're absolutely furious. And I imagine tonight they're out and up in arms and up in their patrols and walking around just absolutely just, just furious. So, that was fun to do some boot on the ground style activism with some stenciling. Would have only been a bit better if we had dressed more appropriately and less working class, so people wouldn't have looked at us too much. And have, making those stencils portable. Walking around with the big long stencil like that, it definitely catches people's eyes. We walked by a police off-, two police officers in a cop car, who all of which, they didn't like us, they were glaring at us, [inaudible] to us being masked up carrying around some painted up stencil were up to no good, but clearly they had better shit to do. So they didn't bother us as we walked across the crosswalk right past them. So we definitely need to cut out all of the font that's about one foot tall. Cut those all out on the Coroplast squares and fold them up in accordion-style folds like the big banner stencils. I think that'd be very useful. And then we also need to continue on a project of modifying fire extinguishers to spew paint, which will be ultimately much cheaper, more accessible, and better than the Rusto cans. However, Rusto cans are still going to be, want to be used because they dry fast and you could put a

stencil, whereas the fire extinguisher, it's good for cover ups but that's about it, it's very runny, it's hard to get a stencil on that. Then on top of that, we need to get a projector. Ethan, I gave you the projector, I gave you the cord for, I gave you the, even a, the screen that comes with it. So if you want to use it for your own personal use, you can. But I forgot to give you the remote that goes with it. So it's kind of hard to control the printer without that, my apologies. So we're going to get that and then we can take this take the projector. And you can project any of our fonts or designs onto a wall of materials such as cardboard, or Coroplast, right? And depending on how far you want the projector you can, that, how big you need your stencil, whatever size you want, you can get really specific, right? You just put the projector closer to the wall, and it makes it smaller, farther back makes it larger. Make sense? So I would like to make foot stencils as well. Or maybe, maybe one and a half foot stencils and we can start putting all of our messaging on \$18 banners. I think that would make the banners in general just look way better, way cheaper, so on and so forth. So that's some projects we need to do. Maybe considering, since we're having the Thanksgiving thing next weekend, perhaps we could bust out all the one foot letters and multiple copies of them on Coroplast. After, after dinner. There's an idea. So maybe, maybe we can get around to doing that. I was also thinking, maybe we could go out all of us together and go do some activism. So it kinda depends on how much we're gonna want to do, considering we're all kind of, you know, celebrating Thanksgiving, but what do you guys think? Might as well make the drive [inaudible] we're all driving across the region, right? What do you guys think?

28:33

Sounds fun.

**Tyler WA (James Johnson) 28:36**

That'd be cool, if we got out a whole bunch of "Not Stolen, Conquered" banners and just dropped them all over the place. Think that'd be on point for Thanksgiving.

**ND - John WA (Colton Brown) 28:48**

I was also thinking that, I don't know what the location is, but I imagine Tyler got somewhere with like, a fairly big yard or a park nearby. Before dinner, you know, we can get guys going on some sparring and stuff and Vincent can film that and that would be nice for a big action post. And then, me and a couple of helpers can crank out some letters and do some banners and then we're gonna probably go deploy a couple of those afterwards. And hopefully send home some guys with banners, you know, if those are small stencils and we make copies of them and we can make a banner factory I think that'd be really cool. But I don't, I don't know what the space is like, I don't know what the Airbnb is like. Anyhow. So we're kind of getting ahead of ourselves here with the meeting notes. So, for this, this week. Well, I don't know what other actions were completed, but um, I know what me and Clarke and Ethan got done. So Clarke and Ethan, how was it? How did it go?

**Tyler WA (James Johnson) 29:58**

Pretty well. Obviously, there's some things we can improve upon, like you said, making the stencil accordion style and not just, you know, one giant sheet of whatever it is.

**ND - John WA (Colton Brown) 30:09**

So it can fit in a backpack.

**Clarke WA (Jacob Sundt) 30:11**

[inaudible] Yeah, and you know, dressing the part, you know, I think like you said we were two working class to blend in well with communists, funny enough. Another thing that I was thinking it was just, you know, just getting more accustomed to the different types of spray paint, just because I'm so used to the small cans that when we were breaking out the real big ones, I was just like dousing it in paint. So that's something I should probably get them more familiar with.

**ND - John WA (Colton Brown) 30:44**

Yeah, and those, those green tips are wide spray ones, they're, they're more wide than than normal ones, so you can hold those even further back. And also, just in general, you don't need to spray so hard so close to the stencil, but you'll get it, you know, that's why we go on to find, like, underpasses and like, caves and other places to practice on, right? We'll figure it out. Ethan, what are you, what do you think? How did, how did our action go? Actions.

**Ethan WA (Justin O'Leary) 31:25**

[Inaudible]

**ND - John WA (Colton Brown) 31:25**

You're breaking, breaking up really bad. Can you disconnect your McDonald's Wi-Fi? Are, boop bop bope bop... boop.

**Ethan WA (Justin O'Leary) 31:52**

[Inaudible]

**ND - John WA (Colton Brown) 31:53**

Uh, thanks, Ethan, very cool. All right, moving, moving forward, uh, we'll catch his opinion later when he figures out his mic problems. Moving forward to fitness, um. I believe everyone has submitted all of their fitness so far. Um, I want everyone to be in the green by December 4th, and guys who are on shields, uh, I want as many blue squares as possible, the guys that are on shields with me. Um.

**Ethan WA (Justin O'Leary) 32:20**

[Inaudible]

**ND - John WA (Colton Brown) 32:25**

And dude you're, you're breaking up man. I mean, we can't hear a dang word you're saying.

**Tyler WA (James Johnson) 32:30**

I, I think I got that. The, the difference between a blue and a green square, Ethan, is that a blue square is meeting the minimum requirement and a blue square is being 33 percent or, uh, better in, in the, uh, requirement.

**ND - John WA (Colton Brown) 32:47**

Yes. So, green is passing, blue is above and beyond.

**Frederick OR (Lawrence Norman) 32:52**

Are the fitness standards posted somewhere?

**ND - John WA (Colton Brown) 33:01**

Not really, but like we have him on the server [inaudible] me.

**Clarke WA (Jacob Sundt) 33:07**

I can [inaudible] if you want.

**ND - John WA (Colton Brown) 33:09**

Send him the chart.

**Clarke WA (Jacob Sundt) 33:11**

Will do.

**ND - John WA (Colton Brown) 33:12**

With the numbers. I don't know if I want to share everyone's fitness with each other. "No, don't fat shame me, no." We don't have any fatties.

**Tyler WA (James Johnson) 33:25**

Do you want me just to send him the, just the minimum requirements, the thing you sent me like a month ago, or do you want me to send him the chart I have?

**ND - John WA (Colton Brown) 33:35**

Yeah. Because Tyler's helping with fitness, just send him the whole chart. Anyhow so Yeah, that's our [inaudible]

**Clarke WA (Jacob Sundt) 33:53**

I can't hear you. I have to reconnect.

**ND - John WA (Colton Brown) 33:56**

What, oh, me? Okay, anyhow, that covers our fitness. I want everyone to be in the green to be passing. Yeah, that way we all look good and we can keep up. This, this march is going to be a lot of moving around, a lot. Especially for guys that have like, auxiliary roles, like cameras or shields. You guys are going to need to have some top fuckin' cardio to keep up. So that's something to look into. Then for shield guys, we also need to get slightly better bump caps, which John Utah posted. I can find it and we're gonna have, make chin straps for them, that way they don't get knocked off your head if you're getting into an altercation. Right? We had that issue at Philadelphia, so simple little chin strap that goes underneath the white mask will be more than suitable. For what we are doing.

**Clarke WA (Jacob Sundt) 35:04**

Tyler, I DM'ed you the fitness standards.

**ND - John WA (Colton Brown) 35:10**

Okay, moving forward, everyone needs to get out, go do your promat run. You know, the usual, what we expect. Anyone who misses a week of promat needs at least do two the next week. So let's say this week you guys didn't get out and you didn't do a post, this, this next week, now you need to get out and do two posts. If you don't do two posts, you know that's, that carries over. You got to get that done. Sound good? Any questions regarding that system? Alright, cool. Alright. Um, so activity for next week, we got Thanksgiving planned up. Tyler has been pretty much planning it. So, I'm gonna let Tyler take over from here, Tyler.

**Frederick OR (Lawrence Norman) 36:02**

Oh, yeah. What do you want to know?

**ND - John WA (Colton Brown) 36:06**

What time and where do you want everyone meeting up? What do they need to bring, supplies, all that jazz. The itinerary, food, you know, the whole shebam.

**Tyler WA (James Johnson) 36:15**

Food's taken care of. All you guys need to do is if you have, you know, a special drink that you guys like, bring your own. I would like everyone, if you can, you guys coming from the south, talk to other guys from the south about carpooling. There's enough space for six cars. However, there is a trailhead just down the road that we can ferry people from if there are more vehicles arriving. But the more people that carpool, the better. And there's definitely going to be more people staying than there are beds. I will bring an air mattress that can fit two people. But I would suggest for everyone that intends on staying, you know, bring, bring a sleeping bag or you know, just overnight stuff. If you have an air mattress, bring one. Yeah, I will give the specifics as far as where exactly it'll be on Thursday, I'll be sending all that out. The itinerary is Friday, anyone who wants to come up, the check-in time is Friday, five o'clock. And then we'll be out of there Sunday morning. But it's in around Arlington. So check that on your map and plan accordingly. But it's very near that town. And if you have any questions, feel free to hit me up.

**ND - John WA (Colton Brown) 37:42**

And we're doing this on Saturday. Correct?

**Tyler WA (James Johnson) 37:46**

The meal will be Saturday, yeah. If you want to stay Friday, I mean there's a grocery store right down the road. So if you want to bring snacks or whatever, that's fine. But we're just going to do the big meal Saturday. And then Sunday, probably not going to do, like cook up breakfast because I have to work Sunday night. So we're going to try to just hit the road. But there'll be plenty of leftovers so people can scavenge, take things home, whatever you want. I will say, you know, as far as planning to do activities around the property, it's a big property. It's on a ranch. So there should be enough room to do banners and stuff outside, however, I don't know what the forecast, it's looking like it might be raining. The gal that runs it lives across the street, which doesn't really matter. But yeah, the weather is, might be kind of shitty. So I don't know if sparring and all that's really in the cards, or, but we'll figure something out.

**ND - John WA (Colton Brown) 38:47**

You bring a change of clothes and there's access to shower and shit.

**Tyler WA (James Johnson) 38:56**

There's that. I mean, if we wanted to just do activism, there's tons of places we could go here in Darrington. It's a small town, we could cover it. It'd be a good town to hit to anyway. Just feel like that's definitely where we get people who are sympathetic.

**ND - John WA (Colton Brown) 39:25**

Shoot me the location and address. I'm writing up an action plan right now to send to everybody.

**Tyler WA (James Johnson) 39:35**

Okay, I thought I already sent it to you but I'll send it again.

**ND - John WA (Colton Brown) 39:40**

I don't know, probably got lost in a sea of messages. Okay, so I'll get that finished up after this meeting and have it all sent to you guys. Trying to think of some necessary supplies. You know boxing, change of clothes, stuff like that, activism attire. It's kinda up north so try not to dress like anarchists or shitlibs. Just need like two different outfits, like, rural working class or like, shitlib. Like, literally like, dress like a Democrat or dress like a Republican, because like, walking around wearing like Carhartts and Romeos in Seattle was like, "Hey, everyone, look at me, you know, I don't fit in here."

**Tyler WA (James Johnson) 41:17**

I will say that where we're going, most people do not wear masks. They, so, you know, if we put up stickers and stuff, it'd be, you could, but it'd be less conspicuous just going around without one. I don't think anyone will bat an eye.

**ND - John WA (Colton Brown) 41:33**

So hats and sunglasses then, no mask.

**Tyler WA (James Johnson) 41:41**

You could, but if there's like, six of us together wearing a mask that would stand out.

**ND - John WA (Colton Brown) 41:52**

That's how we used to do before the COVID thing. We didn't have masks. That was weird. People would think you're weird. So we just did big glasses like, pit vipers and like, a hat. And like, maybe a hood if you had to. You know for like, certain actions you'd want to wear a mask. Like, if we're doing a mural or like, putting a sticker on some like, shitlib, [inaudible] building. You don't want your face being shown so, stuff like that you'd put a mask on, but otherwise, there was no mask stuff. So the whole mask COVID thing has been just an absolute blessing for us, because previously if six guys wore all wore masks and walked down the street, people would all be very alarmed, right. Like they're a bunch of burglars you know.

**Clarke WA (Jacob Sundt) 42:45**

We could just say we're all from California...

42:52

Not really.

**ND - John WA (Colton Brown) 42:53**

Anyhow, so all you guys that are traveling in. When do you want to arrive? Do you want to arrive Friday, kind of like the last few times we've been doing [inaudible] wide meetups? You want to show up Saturday morning? We have the Airbnb rented up for the whole entire weekend, right, so you can stay Friday and Saturday night.

**Walter ID 43:19**

I will be showing up Friday.

**ND - John WA (Colton Brown) 43:23**

Idaho guys are gonna be Friday. Uh, what about you, Frederick?

**Frederick OR (Lawrence Norman) 43:30**

I'll be driving up after work on Friday, so I'll be there early on Saturday.

**ND - John WA (Colton Brown) 43:35**

You're a trooper. Do you know if the North Cal guys are doing anything? Or they're probably like just as far away huh? Sacramento.

**Frederick OR (Lawrence Norman) 43:50**

Yeah. Well, that's not even where they're based. But yeah, they're, they're way too far away, man. Like, they're also doing something that day, so don't worry about it.

**ND - John WA (Colton Brown) 44:01**

All right. I won't. As much as I would like to worry about it, they're not my network.

**Frederick OR (Lawrence Norman) 44:07**

Yes.

**ND - John WA (Colton Brown) 44:12**

All right, otherwise...

**Jack WA (Matthew Clement) 44:14**

So uh, sorry...

**ND - John WA (Colton Brown) 44:17**

What?

**Jack WA (Matthew Clement) 44:20**

I was gonna say, uh, for the first time in a long time, I'm gonna have a Friday off. Anybody wants to carpool up with me, feel free to, you can always leave your car my spot. I know that I'm along the way for you Oregon guys. And Walter, I still got your laptop.

**Walter ID 44:37**

Cool, thank you.

**ND - John WA (Colton Brown) 44:42**

Okay, so Jack and Clarke, you can probably carpool. Jack, are you going to want to, do you either of you plan on spending the night?

44:55

Friday night into Saturday if you guys will have me, yeah.

**ND - John WA (Colton Brown) 44:59**

What about Saturday night?

45:03

I work on Sunday in the morning so I got to get back either early Sunday or late Saturday.

**ND - John WA (Colton Brown) 45:10**

Okay, that might not work for Clarke if Clarke is spending the night Saturday. Are you spending the night Clarke?

**Clarke WA (Jacob Sundt) 45:17**

I have to work Sunday as well, so I'd probably have to get home Saturday.

**ND - John WA (Colton Brown) 45:21**

Okay. All right, then carpooling works for you gentlemen. Alright. Um, I don't think I have anything else for you guys. Looking at my notes. So, basically, y'all are just gonna pull into the address around Friday night and we're all gonna meet up Saturday morning. Maybe I'll have something planned for us to do Friday night. But I think Saturday, you know, in the morning, I think the itinerary is gonna be kind of like, ladies are gonna start prepping food. And we can go do some, some, some sparring and stuff. And Tyler also said something about a trailhead nearby. So, who knows, maybe we can all just go for a nice hike. That'd be kind of cool too, either or would look good in the action report. We've recently done sparring, so maybe a hike would be kind of nice. And then when we get back, you know, we can start cranking out some banners, y'all can socialize, enjoy yourselves. Then we'll go out, we'll put up a couple banners nearby and then hang out, you know, have a toast, you know, enjoy some dinner. I think that sounds like a good plan. What what do you think Tyler?

**Tyler WA (James Johnson) 46:48**

Yeah, except for dropping banners Saturday, there's not, at least by my knowledge, there's not really anything nearby that we could go drop them.

**ND - John WA (Colton Brown) 47:01**

Check Google Maps and look around for overpasses.

**Tyler WA (James Johnson) 47:05**

If we go all the way back to the interstate, which isn't terribly far away. But um, you know, we're gonna be, it's in the mountains, right? Yeah. Highways [inaudible] and there's just not really any overpasses there. It's...

**ND - John WA (Colton Brown) 47:23**

Regardless, we don't have any banners stockpiled and we need to get all that stuff, those new stencils cut out. So we definitely should stockpile some banners and send guys home with some as well. Regardless if we go out and put some up or not.

**Tyler WA (James Johnson) 47:43**

Yeah, I think making them and other stuff would be the way to go and then going out and doing stickers. Because I just I can't think of any place to drop a banner and I know those highways pretty well.

**ND - John WA (Colton Brown) 47:58**

Maybe, maybe like there's a river with like a railroad bridge facing the road and maybe we could secure one on the on of that, you know, facing, facing...

**Tyler WA (James Johnson) 48:09**

Unless you guys want to travel like an hour down south to like Index or, like, but those are really low population areas. But there are down there. It's kind of out in the sticks where we're going.

**ND - John WA (Colton Brown) 48:26**

Okay, gotcha.

**Tyler WA (James Johnson) 48:30**

But I'll, I'll look around dude, but I can't think of any, any overpass out there that would be [inaudible] the overpass once you get away from the interstate going out that way like it's just it's all mountains and rural roads Okay, well I'll come up with something by then. Otherwise I... But there are bridges, we could probably find some, like, bridges to stencil, if you really wanted to do that.

**ND - John WA (Colton Brown) 49:01**

Yeah, I mean banners don't always have to face, they don't always have to drape over the freeway, they can face it, you know, be suspended from a building or from the side of like, the railroad train crossings, big fences or even like, cliff sides, right? We could get concrete stakes and some paracord and we could use concrete stakes and drill them into the ground above like, the cliff sides facing the the I-90 freeway towards Spokane. You know, we can flip it off of a cliff like that. You know, I've considered that, you know, we, there's other things we can do besides just zip tying them to overpasses.

**Tyler WA (James Johnson) 49:40**

Okay, well I can't think of any good spots, but we'll figure it out.

**ND - John WA (Colton Brown) 49:49**

Yeah, really nice. We have posters. Walter, don't you have posters? [Inaudible] use them.

**Walter ID 49:59**

Yeah. I've got some around.

**ND - John WA (Colton Brown) 50:01**

Okay, so maybe potentially we could put up posters. I imagine if there's a town there's electrical boxes, right, so, maybe, yeah, Walter, add those to your your packing list and bring those just in case and I'll bring glue and stuff.

**Frederick OR (Lawrence Norman) 50:20**

Yeah, posters would be fine, again, I expect it's going to be raining but, we'll make it work.

**ND - John WA (Colton Brown) 50:31**

I imagine there's not a lot of opposition that are gonna tear them down anyways. We've, we've done, like, we've done posters in like, Gold Bar, I think, and that shit stayed up for months and months and months like, six months before like, the, like, BLM came and had like a protest there and then they saw the stuff and they started taking it down.

**Frederick OR (Lawrence Norman) 50:51**

That reminds me that well, you said, you brought up Gold Bar. I think it's [inaudible]. That's right, Gold Bar and it's just before Index. The railroad, well, the rail line runs through there.

**Tyler WA (James Johnson) 51:05**

There's like four or five rail cars that have been sitting there for months that have been tagged up. I think it's in Gold Bar, that would be perfect for stenciling. And down the road is Index, not far, and that bridge is where I saw some antifa stencils and a rainbow on the railroad bridge there.

**ND - John WA (Colton Brown) 51:29**

Okay, so, maybe those big, those big, the graffiti spots facing the street we could deploy our big "Reclaim America" and have it face the street with our URL under it?

**Tyler WA (James Johnson) 51:39**

Uh, well, you want to, if you're talking about doing that over Thanksgiving that, we'd have to do some planning and again, that's like, from where we're going to be, it's like, an hour and a half drive.

**ND - John WA (Colton Brown) 51:55**

Yeah, so after dinner we drive out and do it and then come back.

**Frederick OR (Lawrence Norman) 52:00**

If everyone wants to do that, I mean, I don't know, dinner, I don't know what time dinner is gonna, be but we'll see.

**Tyler WA (James Johnson) 52:07**

Something I was thinking is maybe if we made a bunch of those political signs I was repurposing, and we've got a bunch of those, we can just go stake them around the, some of the rural highways out there at like, interchanges and whatnot, where theres stop signs where people are coming.

**Frederick OR (Lawrence Norman) 52:23**

I think, I think posters would be good but yeah, I like, I think Clarke's onto a good thing there.

**ND - John WA (Colton Brown) 52:31**

Yeah, we definitely need more of these conquered gay BLM signs that we can paint over and put our stuff on and start staking those around random areas, I think that'd be really cool.

**Tyler WA (James Johnson) 52:44**

This week, probably after work tonight [inaudible] I'll go around try to find you guys ten of them or so tonight and we'll work on repainting them later this week.

**ND - John WA (Colton Brown) 52:57**

Okay, even if they're not like, directly like, opposition for us, like, just random political signs that have been there forever, the election's over, go ahead and grab them, no one's gonna care, you know, there's, like, literally like, medians in areas like, what, Bellevue, that have like, 20 of them fuckers, grab them, just walk down the street and fucking grab all of them. You know? And we can repaint all those with a turbo, just pshh-pssh, done, put our stencils on them and we can deploy those you know, that's super cheap. That's, that's what, that's pennies, you know, because we're borrowing and relocating the the expensive material and the paints is a couple bucks. You know, I think that'd be a very fun method to go to find rural towns and place those all over the place. Because those rural...

**Jack WA (Matthew Clement) 53:42**

Bro, I love that!

**ND - John WA (Colton Brown) 53:44**

Because those, those rural white towns are like, you know, they're very white, you know, and if they see us running around, like spray painting stuff, or like gluing up posters and banners and stuff, they, they probably aren't necessarily going to like that. But like, they, like, a more legal form of activism, like placing those around, they'll, they'll probably love it, they won't even like, fuck with it, there's no opposition, they probably, it'd be awesome. So that's something that we should definitely try to do and get more of and just find more of those signs. I'll keep an eye out, I drive past a lot by, at, at work, but we're going to need you all, everyone is going to have to collect some of those if we are going to make a night of driving around doing that, because those go through, they're quick, you know? If you want to put four and six around a town and that counts as one big action post, I think that'd be really fun. What do you guys think?

54:40

[Inaudible]

**Clarke WA (Jacob Sundt) 54:40**

Love that. Since I'm in Olympia of all places, I mean, I'm sure I could find 30 just on my block.

**ND - John WA (Colton Brown) 54:47**

Perfect, yeah, collect all of them and then give them to Ethan to paint and store.

**Clarke WA (Jacob Sundt) 55:01**

Since I, I have a full set of 3D stencils now I can probably paint them myself.

**ND - John WA (Colton Brown) 55:08**

If you want...

**Jack WA (Matthew Clement) 55:09**

I will happily join you in this Clarke. DM me let's make it a Friday night one of these nights.

**Clarke WA (Jacob Sundt) 55:19**

I'll try to have these available for the Thanksgiving, but in the future I'll definitely, we can definitely do some of those.

**ND - John WA (Colton Brown) 55:27**

Well, you probably could go and nab some of those and we could also have that available for Thanksgiving too. It takes seconds to paint it, wait two minutes for it to dry, hit it with a stencil, right? Speaking of which, Tyler I want you, I want your objective to be to make sure every member has at least a full set of like five different 3D stencils. Because we ran into the issue, when we went out in Seattle, we only had two 3D stencils, I wish we honestly had more like the "Not Stolen, Conquered" and other designs.

**Frederick OR (Lawrence Norman) 56:08**

Working on it, dude. It's just, it takes time, unless I can stay in all weekend and do it.

**Tyler WA (James Johnson) 56:14**

You know, I have to sit and put, each, each section takes an hour so, every stencil takes about four, and it's just kind of, because the printer's been down it's been kind of slow going but it is back up and running and I am producing.

**Clarke WA (Jacob Sundt) 56:39**

I mean I guess Jack, if you ever need to borrow, if you ever want to do some and I'm busy you can come borrow it. I don't mind.

**Frederick OR (Lawrence Norman) 56:56**

I'll probably end up buying the upgraded bed, it's a bigger bed, I just, means I have to like, change the gantry and a bunch of other stuff on it which will be very time consuming.

**Tyler WA (James Johnson) 57:05**

But it means that I don't have to print the stencils in sections anymore, I can do just, each time I start a printing process, it'll do a whole stencil.

**ND - John WA (Colton Brown) 57:29**

Okay, I think that pretty much covers everything we need to go over. Does anyone have any questions, comments, concerns?

**Jack WA (Matthew Clement) 57:41**

Yeah, I do, so just for Thanksgiving there, just desserts or drinks, that's all we're going to need, Tyler?

**ND - John WA (Colton Brown) 57:49**

He said dinner is totally on him.

**Frederick OR (Lawrence Norman) 57:52**

Yeah I got dinner covered, dude, so if you want, I mean, unless there's a special dish you want to do [inaudible] we're doing like sweet potato casseroles, stuffing, mashed potatoes.

**ND - John WA (Colton Brown) 58:05**

No spoilers.

**Frederick OR (Lawrence Norman) 58:08**

Well, you know, it's gonna be like the traditional Thanksgiving stuff, but we're not going to eat turkey because I figure everyone's got Thanksgiving plans.

**Tyler WA (James Johnson) 58:17**

And I just don't want to have turkey and then next week have more turkey and have leftover turkey, just, so, we'll do prime rib.

**Jack WA (Matthew Clement) 58:31**

Fantastic.

**Alexander OR (Richard Flannery) 58:35**

All right. Can I have Frederick, Leo and Walter in meeting room one.

**ND - John WA (Colton Brown) 58:47**

Alright, it does anyone have any questions, comments or concerns for me? Otherwise, if not, I now adjourn this meeting and you guys are all free to go. Feel free to hang out and socialize if you wish, but this meeting is now concluded and you're free to go, you are dismissed.

**Ethan WA (Justin O'Leary) 59:08**

I'm going to eat some grub, night guys.

**Jack WA (Matthew Clement) 59:11**

Goodnight, gentlemen.

59:12

Same here. Talk to you later.
